Vendor Information Event

An informative session designed to help vendors understand the processes and opportunities for doing business with the City. This event will cover critical areas to guide you through the registration and procurement processes, and provide valuable networking opportunities with city department representatives.

Topics to be addressed:

- **How to Register as an Approved Vendor:** Learn the steps to become an approved vendor and gain access to city contracts and procurement opportunities.
- **Key Procurement Policies and Procedures:** Understand the essential guidelines and regulations that govern procurement practices with the City.
- **Upcoming Contract Opportunities:** Get an overview of current and upcoming projects, contracts, and bidding opportunities.
- **Networking with City Department Representatives:** Connect directly with city officials and department representatives to build relationships and gain insights into how the City works with vendors.
