Additional Local Resources

LWR CERT	www.lwrcert.org/hurricane

We are LWR CERT

Did you know that after a significant storm the number of emergency calls to 911 will double or triple, overwhelming our first responders and potentially delaying their response?

LWR CERT is 250+ volunteer residents who live in the Lakewood Ranch Country Club, Edgewater, Country Club West, Greenbrook, Summerfield and Riverwalk neighborhoods. We are trained to help our neighbors before professional first responders can reach you.

We are:

- Trained in emergency first aid and search and rescue techniques in partnership with East Manatee Fire Rescue.
- One of 20+ local CERT programs, sponsored by Manatee County Emergency Management.

Our members are equipped with first aid supplies. Members also have direct access to a network that allows us to contact emergency services when phones and internet are down.

The LWR CERT AED Network includes our trained volunteers, publicly available Automated External Defibrillators (AEDs) placed throughout CEVA, CCW, GBVA, and SRVA at selected members' homes, and real-time alerts to respond to cardiac emergencies before EMS arrives – all tied directly to 911 through the PulsePoint app.

How you can help

- Download the PulsePoint app and locate the nearest AED. Register for AED-Needed Alerts that allow you to help others in need.
- Consider joining LWR CERT or your local CERT team to be prepared for an emergency and to help keep yourself, your family, your home, your friends, and your neighbors safe.
