IS YOUR CHILD STRUGGLING with learning, attention, memory, or keeping up academically?

Join us for an informative LearningRx presentation to discover what may be at the root of your child's learning struggles and how targeted cognitive training can help.

Learn how LearningRx focuses on strengthening the underlying cognitive skills involved in learning—helping children become more **confident**, **capable**, and **independent** learners and reach their full potential.

DISCOVER HOW LEARNINGRX CAN HELP IMPROVE:

- ATTENTION & FOCUS
- MEMORY
- PROCESSING SPEED
- REASONING
- ACADEMIC LEARNING

Parents, we can unlock potential together!

COME LEARN. ASK QUESTIONS. GET ANSWERS. BE EMPOWERED.

WE LOOK FORWARD TO SEEING YOU THERE!
