

Build a Thriving NJ Endorsement

I/we support the effort to *Build a Thriving New Jersey* by making sure we can afford homes in the communities where we work and live. Our families, friends and neighbors are the heart of our state and the backbone of our economy but if we can't afford to live here, we can't get our economy back on track.

I/we believe the next leaders of New Jersey must invest \$600 million to create homes we can afford so that all of us can call New Jersey home.
