Spend an Evening Under the Stars

Join Bruce Zeller, the planetarium director, as he explores the spring stars that are beginning to appear. When ***Leo the Lion*** *replaces Orion, springtime is right around the corner. In the early morning of March 4th there will be a conjunction (when two objects appear to be close to one another) between Venus and Mars. The* ***Vernal Equinox****, the first day of spring, will be Sunday, March 20th.*
