

Gardening Questions?

By Jean Lewis, Master Gardener

The Pima County Master Gardener Plant Clinic will help you solve your garden and landscape problems.

Volunteer certified Master Gardeners can:

- Present best watering practices for plant health and sustainability.
- Teach you how and when to plant trees, shrubs, edibles and flowers.
- Help you select the right plants for your site.
- Identify insects, diseases, and plants.
- Recommend the least toxic treatment to avoid blanket use of herbicides and pesticides.
- Identify and help you attract beneficial insects.
- Discuss when and what to use for soil amendments.
- Share proper pruning and timing techniques.

To speak with a Master Gardener you may visit the Plant Clinic in person with your samples or photos Monday through Friday, 8:30 a.m. to 4:30 p.m. at 4210 N. Campbell Avenue, Tucson. Or you may call 520-626-5161 or email your question and digital photos to fcorrell@cals.arizona.edu. Some questions may take several days to answer. There is no charge for this service.
