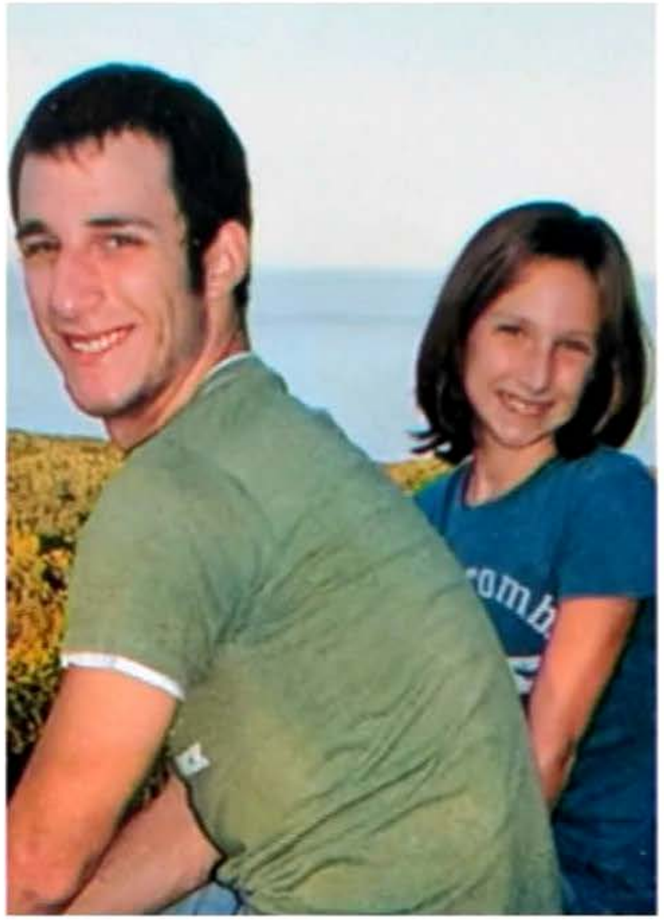
STATEMENT FROM ALEX PRETTI'S SISTER



OCTOBER 21

"With the midterms coming up and everything that has happened the last 9 months, I felt like I needed to post something. Ignorantly, in the past, I only voted in presidential elections. Now I am voting in any election I can. To everyone around the country that sent our family letters after Alex was murdered, a majority of them said: 'please let us know how we can honor Alex.' And to that I say: please, please go out and vote. Vote for Alex, vote for a step closer to justice for my family, vote for ALL of the victims of ICE, vote for your community and your neighbors. Alex stood up for his community so now it is time we stand up and fight back."
