

2017 Area 10 Conference
Ringing, Reunions and Remembrances
Reunions and Remembrances

You are invited to send the best photos you have dating back to the earliest Area 10 Festivals/Conferences, funny or serious to help celebrate our ringing family. **PLEASE** digitize any photos that aren't already a digital photo.

We would love to receive photos of well known bell "celebrities" from their early years—*younger days*—to make a display board asking who they are—prizes may be involved for those who make the best identifications. Also a Power Point loop will be made of the other photos. These two items will be available in the Giustina Living Room in the conference center for your enjoyment as we reconnect with our handbell family.

A remembrance table will also be in the Giustina Living Room as Area 10 remembers Nancy Hascall's contributions to handbells, Area 10 and her friendships and mentorships to many of us in the handbell world. Please send in remembrances and photos you have of Nancy doing what she loved—conducting, ringing and teaching.

Please send all materials **ELECTRONICALLY** to:
Diane Barnes at eventschair.area10@handbellmusicians.org

Thanks for your help in making this conference special!
