NEW LEAF PAPER®

New Leaf Canopy Coated Cover

The solution for your sustainable, cover stock needs.

New Leaf Canopy Coated Cover is the **FSC® Certified** stock that contains **30% post-consumer recycled fiber**—the highest recycled content available for cover stock in North America! The lighter basis weight means you can **save up to 20% on paper costs and shipping** for printed materials. Available in a range of formats and basis weights, this paper is both practical and versatile. The **bright, blue-white finish** ensures vivid colors and quick-drying performance. This **acid-free, FDA-compliant** stock is also safe for dry food contact in addition to book publishing, direct mail, packaging, and more!

- 30% PCRF
- FSC Certified
- 90 GE Bright Finish
- Acid Free & FDA Compliant
- Available in sheets and rolls
