Program Philosophy

Our licensed program is designed to meet the development needs of young children Kindergarten through 6th grade. It provides experiences that enhance and enrich each child's cognitive, language, social, emotional, physical and creative development. Within the center's daily schedule, each child has the opportunity to create, to explore their environment, to develop problem-solving and personal interaction skills and to develop concepts through activities and teacher assisted programs. Opportunities for solitary, as well as group activities, are provided. Staff serve as positive role models and provide care that is supportive, nurturing, warm and responsive to each child's needs. Parents are welcome visitors in the classroom and are welcome to be participants as volunteers throughout our day.

Why Should Your Child Participate?

YMCA Prime Time kids join in a variety of experiences, including arts and crafts, science and reading, music and language arts, as well as daily homework time. They gather in a safe, friendly environment that focuses on:

- Making friends
- Building relationships
- Staying active
- Exercising leadership skills
-

Allow your child to:

- Have fun and learn new skills
- Feel good about themselves and others
- Improve leadership, teambuilding, interpersonal skills and much more...**SIGN UP TODAY!**
