

MREP Western Pacific Fishery Science & Management Workshop

Get the tools, knowledge, and connections to shape your fishery.

By fishers, for fishers across Hawai‘i, American Samoa, Guam & CNMI — welcoming commercial, charter, subsistence, non-commercial, and traditional fishers. *No Council experience needed to apply.*

YOU'LL LEARN

- ✓ **Fisheries science** — hands-on lab tour, stock assessment activity, and how local knowledge feeds the process
- ✓ **Fisheries management** — how the Council works, key federal laws, and a mock council exercise
- ✓ **Direct connections** with fellow fishers, scientists & managers

GOOD TO KNOW

- ✓ **100% FREE** for accepted applicants — travel, lodging & meals covered
- ✓ **30 seats** — a mix from every island area
- ✓ **Apply by November 10** for priority consideration
  — status updates by December 1

Who we're looking for

- ✓ New & emerging leaders ready to bring what they learn back to their community
- ✓ A genuine connection to your fishery — your boat, your port, your community
- ✓ Fishers of every sector, gear type & island who want their voice heard
