THE REED INSTITUTE
Educational Center

2020 Technical Training Agenda

8:30am
Introduction/ class start

8:30am-10:45am
Combustion, condensing theory, Boiler design, fire tube/water tube, heat exchangers high mass/ low mass, near boiler piping and pumping methods

11:00 am-1:00pm
Flexcore high water mass stainless steel condensing boiler overview application, installation, service, troubleshooting/live fire setup

1:00-1:30pm - Lunch

1:30-2:30pm Lab tour

2:30-4:30pm
KN and KN plus cast iron condensing boiler overview application, installation, service, troubleshooting /live fire setup

4:30-5:00pm
Q&A, open discussion

6:30pm - Dinner

Day 2

8:30-10:30am
XLF, Dominator, Fusion, copper fin products overview, application service, troubleshooting and maintenance/live fire setup

10:45am-1:45pm
IE2/Toros low mass stainless steel water tube boilers overview application, service, troubleshooting and maintenance/live fire setup

1:45-2:15pm – Lunch

2:15-3:15pm
Heatnet control platform technical

3:15-4:00pm
Q&A, review, release
