Learn more about becoming a part of this diverse and effective coalition
Visit: www.sufc.org ~ Contact: Heather Doucet ~ Convener@sufc.org ~ 571.620.2479
WHO SHOULD JOIN the Coalition?

The trees, vegetation, and green spaces that make up our urban forests are essential contributors to virtually every measure of community well-being.

Whatever aspect of community vibrancy your organization supports, SUFC plays a critical role in getting there.

---

**AIR**

Urban trees remove over **710,000 tons** of air pollution per year in the U.S.\(^1\)

Trees can filter up to **80% of phosphorus** out of stormwater before it can pollute waterways.\(^2\)

**WATER**

In New York City, the rate of early childhood asthma is **29% lower** for every 343 trees per square kilometer.\(^3\)

**ENERGY & CLIMATE**

One million mature trees around American residences save approximately **$2 billion** annually in reduced energy costs.\(^4\)

The U.S. economic impacts of green industries include **1.6 million jobs**, **$82 billion** in payroll, and **$196 billion** in sales.\(^5\)

**RESILIENCY**

Establishing and adhering to a regular tree maintenance schedule can help protect cities from extreme weather events.\(^6\)
