

NIH Grant Writing Bootcamp

Back by popular demand, the NIH Grant Writing Bootcamp will return on Feb. 7, hosted by Associate Vice President of Research Karin Scarpinato, Ph.D., and the Office of Research Development (ORD). If you are new to the NIH process or simply want to refresh your NIH grantsmanship skills, sign up for this six-session series.

Bootcamp will feature tips from NIH funded FAU faculty, effective writing and budget strategies, and close consultation with ORD staff. This series is targeted for junior or mid-career faculty who plan to write an NIH grant with a summer deadline.

Space is limited. To sign up, email [Angela Clear](#) by Jan. 29.

If you'd like to participate but can't travel to Boca, let us know. We'll tailor a workshop for your campus.
