

STRATEGY EXECUTION WORKSHOP

Strategy defines an organization's direction and positions it to move in that direction.

Successful strategy execution is heavily dependent on effective strategy development. Strategy will drive growth if it is grounded in your organization's purpose, contributes to your customers' success, and aligns with your culture and competencies to embrace change and cultivate innovation.

Before assessing your SWOT analysis, challenging your premises, or testing strategy adaptability against an evolving market, revisit the questions that inspired your original business proposition.

How do you make a difference for your customers?

What competitive advantage do you "own" in your market?

What barriers must be overcome to succeed?

How will you monitor and adapt strategy execution?

The purpose of this workshop is to help you develop and execute effective strategies. This is a working session – not a presentation – and it will energize you.

CONTACT US at admin@grolistic.com or call Bob Schultek at 216-272-4449 to schedule a complimentary consultation or to learn more about this workshop, facilitated by Bob Schultek, Managing Partner of Grolistic.

Grolistic partners with small & mid-size business leaders and owners to accelerate progress and improve performance by converting strategy into action that drives change and achieves goals.
