

Peter J. Scavuzzo

INFORMATION TECHNOLOGY

Peter Scavuzzo is chief information officer (CIO) of Marcum LLP, a top national accounting and advisory services firm with more than 1500 employees across the U.S., as well as Grand Cayman, China and Ireland. Marcum LLP is part of the Marcum Group, a diversified portfolio of professional service organizations.

Mr. Scavuzzo is responsible for creating and executing the strategic technology roadmap across all Marcum Group companies. His current strategic charter focuses on five major points: Business Innovation, Digital Transformation, Customer Digital Experience, Data Analytics, and Security/Risk Aversion. During his tenure at Marcum, he has played a key role in the Firm's expansion from two to 29 offices, successfully integrating more than 30 M&A transactions and seamlessly expanding and relocating 15+ offices.

As an executive leader reporting directly to the chairman and CEO, Mr. Scavuzzo provides direction and input on all strategic technology initiatives. He is the Firm leader in Digital Transformation and is a strong advocate of leveraging technology to ensure the Firm maintains long-term viability and competitiveness in a rapidly accelerating technology landscape. The initiatives he is promoting are focused on digitally modernizing traditional processes and leveraging technology to drive efficiency and maximize staff productivity.

He is a member of several key Firm committees and actively workshops with executive leaders on both technology trends and the Firm's innovative strategies and how they will impact core business deliverables. He regularly visits Firm offices throughout the year, gathering constructive feedback from partners and staff. He ensures IT transparency by promoting full IT governance and oversight.

Within the Firm, he is a contributor and key asset to all C-Level executives and mentors staff as part of the Firm's coaching program. Mr. Scavuzzo is also a nationally-recognized public speaker, leading discussions on topics including technology innovation and cyber security.

Before joining Marcum, Mr. Scavuzzo was responsible for national IT Infrastructure at a global 800M manufacturing company of 3,500+ employees. He has also served as assistant director of computing services at a state university serving approximately 3,300+ students and 122 full-time faculty. For more than a decade, he owned an SMB technology consulting firm, providing IT services to approximately 40 companies in the SMB market space.

Mr. Scavuzzo earned his Bachelor of Science in Computer Engineering and Master of Science in Telecommunication Networks from Polytechnic University, which is now known as the NYU Tandon School of Engineering.
