LOCAL ROADWAY SNOW AND ICE CONTROL TRAINING

Part of the NDLTAP

Motor Grader Operator Training Series

NDSU

UPPER GREAT PLAINS
TRANSPORTATION INSTITUTE
NORTH DAKOTA LOCAL TECHNICAL ASSISTANCE PROGRAM

The Local Roadway Snow and Ice Control Training will cover the critical aspects required to efficiently conduct winter motor grader operations on local roads.

Topic will include:

- Preparation for the winter season
- Use of weather forecasting
- Guidelines for properly plowing, winging, and benching snow
- Use of chemicals for ice control
- Overview of snow drifting, new technology, and equipment available for snow and ice control
- Snowplowing policy
- Winter survival tips

TARGET AUDIENCE

- Motor grader operators
- Road Supervisors
- City & County commissioners
- Township supervisors
- Safety officers

REGISTRATION / FEES

\$50 per person

Register at www.ndltap.org through NDLTAP's Learning Management System.

If you have questions about registration, contact the NDLTAP office: 701-328-9855
sandra.baisch@ndsu.edu

If your agency has a snow removal policy, please bring a copy to the training.

BECOME A ROAD SCHOLAR

This training is part of the NDLTAP Road Scholar Program. Participation in the Road Scholar program increases your knowledge and awareness of how and why the road systems need to be properly managed.

The ideas, knowledge, and skills you gain through LTAP training will help you on the job, strengthen your agency, preserve the roadway infrastructure, and reduce the cost of maintaining the roadways. You will receive 6 hours of credit in the program for attending this training.

For more information on the Road Scholar Program, visit <http://www.ndltap.org/programs/scholar.php>.

COURSE INSTRUCTOR

Mike Hoff retired from the NDDOT after 30 years as a section supervisor in Dickinson. Since his retirement from the NDDOT, he has moved to Valley City and started a snow removal/ landscaping Bobcat business. Mike's numerous motor grader, plow truck and front end loader championships are evidence of his experience and proficiency in snow and ice control.
