

For over 25 years, WWf(a)C has provided a safe, non-competitive environment for individuals to develop their writing skills, cultivate their creativity, and strengthen their voices. Our writers, whether first-timers or the more experienced, find community, connection, and meaningful conversation within our circles. We encourage writing as a process of self-discovery and self-expression—a celebration of the individual voice. Our classes provide a unique

setting in which honoring each other's words and learning to give and receive constructive feedback enrich participants' lives.

We'll share ideas on how to: leave behind old beliefs about ourselves, balance our gifts, and internalize our accomplishments. With special guests and readings, we'll explore the elements and enneagram and what they tell us about how our gifts and growing edges manifest and shape us, and other provocative topics that allow young women to dig deeper into identity as they find self.
