You have the power, now learn the skills!

Top campaign consultants from around the country are coming to Central Florida to present two exciting days of campaign training. How many votes will it take to win in an election cycle? How do you craft the perfect message and get it out to voters? How will you raise the money to pay for it all? This Academy will help you answer these questions and give you one on one time with trainers who have decades of experience.

Topics include: field planning, voter contact, fundraising, communications, volunteer recruitment and more. There will be a special track for candidates on messaging and fundraising to kickstart your campaign! Attendees will also receive the DFA Training Manual packed with over 180 pages of winning campaign info!

Refreshments will be provided throughout the day and a social event will be organized Saturday evening so you can mingle and network with other activists from across Florida.
