Intended audience: Hospital pharmacy leadership and pharmacists who are responsible for medication reconciliation implementation within their institution.

PROGRAM AGENDA

9:30am: Check in and registration with continental breakfast

10:00am- 10:15am: Announcements and Introductions  
Anne Myrka, IPRO, Director – Drug Safety

10:15am – 11:00am: Introduction and Essentials of Taking the Best Possible Medication History (BPMH)  
Faculty: Jeffrey L. Schnipper, MD, MPH  
Explain the steps for conducting and completing a best-possible medication history (BPMH) and the process for verifying its accuracy.

11:00am – 12:15pm: Training Others to Take a BPMH  
Faculty: Jeffrey L. Schnipper, MD, MPH, Stephanie Labonville, PharmD, Becky Largen, PharmD  
Demonstrate key BPMH competencies and evaluate trainees’ ability to demonstrate these competencies.  
Demonstrate how key skills taught during the workshop may be taught to others locally to train them to take a BPMH and certify their competency.
12:15pm -12:30pm: Coffee Break

12:30pm – 1:30pm: Discharge Counseling
Faculty: Jeffrey Schnipper, MD, MPH
Understand and demonstrate the key skills necessary for patient counseling regarding discharge medications. Demonstrate how key skills taught during the workshop may be taught to others locally to train them to counsel patients.

1:30pm – 2:00pm: Working Lunch
Hear from the experiences of MARQUIS site participants

2:00pm – 3:00pm:
Overview of MARQUIS Toolkit
(non-MARQUIS study sites)
Faculty: Jenna Goldstein from SHM, Becky Largen, PharmD
Understand the components of the MARQUIS toolkit and appreciate how they can be used to implement a comprehensive medication reconciliation quality improvement program.

Group Learning
(MARQUIS study sites)
Faculty: Jeffrey Schnipper, MD, MPH, Stephanie Labonville, PharmD
Presentation of comparative study data and discussion regarding challenges, ways to overcome them, best practices.

3:00pm – 4:00pm:
Implementing a Medication Reconciliation QI Program at Your Institution
(non-MARQUIS study sites)
Faculty: Jeffrey Schnipper, MD, MPH, Becky Largen, PharmD
Provide lessons learned from the MARQUIS study with interactive discussion of barriers and ways to overcome them. Small group session by institution regarding planning for program implementation, sustainability and spread.

Planning for next phases of MARQUIS2
(MARQUIS study sites)
Faculty: Jenna Goldstein, Stephanie Labonville, PharmD
Discussion of additional intervention components to be implemented and sustainability and spread.

4:00pm – 4:30pm: Wrap-Up: What are you going to do Monday morning?
Faculty: All
Interactive discussion and program evaluation.
