Subject: KAIT General Manager

I am very pleased to announce that Hatton Weeks has been named the new Vice President and General Manager of KAIT in Jonesboro. Hatton will assume his new duties next Monday, March 26th.

Many of you may already know Hatton. He has been the News Director at WLBT and WDBD for the last three years. Prior to that, he served as the News Director at KAIT from 2007 until 2015.

This is a homecoming for Hatton. He is a native of Harrisburg, AR, a graduate of Arkansas State University, and began his television career over 25 years ago in the newsroom at KAIT. Along the way Hatton reported, produced and anchored. He was district director for 1st District Congressman Berry, joined KTHV in Little Rock as a producer and reporter, and managed the family construction business. He and his wife Candace have three children, Chase, Lauren and Harper. Candace and the family will relocate at the conclusion of the school year.

I know Hatton is very excited about the opportunity to return home and work with the great team at KAIT. He is well aware of the legacy of the station and he is looking forward to leading the team to many more victories and accomplishments as KAIT continues to earn the respect and loyalty of the viewers and business associates in Region 8.

I hope you will join me in welcoming Hatton, Candace and their family back to Region 8 and in congratulating Hatton on this new and exciting opportunity.

Regards,

Tim

TIM INGRAM

Regional Group Vice President
