

I Love Lawn Fawn Spring Card Class

with Julie Kelly

Thursday, February 23rd

Julie is busy getting everything ready for next week's class. She will have a small supply of markers available during class to share. To help keep class moving, she is requesting that you bring your own markers. The class samples were made using the following Copic Markers:

- R27
- YG17
- RV14
- Y35
- BG11
- BG13
- E21
- E33
- C2
- C4
- C6

If you don't have these in your collection, don't worry. There will be a small number of these markers available for sale the day of class. Or, bring some different colors and make your cards unique!

Since this class will not focus on the shading properties of Copic Markers, any markers in the following colors will also work:

- Red
- Yellow
- Pink
- Green
- Aqua
- Gray
- Skin Color
- Light Brown

In addition to any markers you may have, please bring the following with you the day of class:

- Paper Trimmer
- Scissors
- Dry Adhesive, such as a tape runner
- Wet Adhesive
- ½" Foam Tape Roll
- Pencil
- Bone Folder or Scoring Tool
