Saving Jewish Lives

JEWISH PRO-LIFE FOUNDATION™

Healing Jewish Hearts

June 20, 2018

Hello Mr. Bottorff.

I'm following up the message I left with your administrative assistant this morning, June 20, 2018.

Hope you are having a pleasant and profitable day.

Your publishing house offers for sale the booklet Abortion and Judaism. A concerned supporter of our work alerted us of this product on your website after seeing it displayed in a Jewish gathering place. It is ethically imperative that you understand that the author, Rabbi Dennis Ross, is a paid consultant of Planned Parenthood, our nations' largest abortion provider. His conflict of interest explains the extreme bias towards acceptance and utilization of abortion in the text.

The Jewish Pro-Life Foundation educates Jews about the reality and tragedy of abortion in our community within a traditional Halakhic framework. We promote life saving alternatives to unwanted and unplanned pregnancy, and also provide healing support to the many Jews who suffer silently after abortion.

Our community has already lost too many children from abortion to have this type of misinformation masquerading as Jewish authority and sold as the only Jewish view on the subject. We would be open to working with you to provide a product that shares a life saving message for our inquiring and confused community members.
Please visit our website to learn more about our work. We look forward to talking with you.

May there be abundant peace from Heaven, and good life upon us and upon all Israel. Amen.

Sincerely,

Cecily Routman
