

## Lunch 'n Learn Tour: Commercial Poultry Heating Alternatives

Friday, May 19, 2017, 10:30am-2:00pm

**Hillcrest Family Restaurant – Banquet Room**  
1004 Shamrock Lane, Albany, MN 56307 (I-94 Exit 147)

Agricultural  
Utilization  
Research  
Institute

**Join chicken grower Bill Koenig to learn about wood heat as an alternative thermal source for commercial poultry operations.** Come learn about a 1.65 MMBtu wood chip furnace, fuel cost savings, robust flock production, and performance in a live production environment from the project manager, Fritz Ebinger, and area farmer and project host, Bill Koenig. You will also learn about financing mechanisms to fund equipment and improvements. This educational event is free and open to all poultry farmers, and lunch is included!

**Register:** [poultryheating.eventbrite.com](http://poultryheating.eventbrite.com)  
or call 612-626-0555

### Agenda:

- 10:30 – Poultry Wood Heat Study
- 11:15 – Ag Biomass Opportunities
- 11:30 – Financing Options
- 12:00 – Lunch
- 1:00 – Tour of Koenig's Operation
