

## What is your Good Turn?

Good turn week (April 29 – May 7) is approaching quickly so we would encourage your sections to decide what their good turn will be. Throughout the Council there will be groups planning large good turn projects. These projects are very helpful in developing well rounded youth, better prepared for success in the world.

Many of the best ideas for these projects come from the youth so please take the time to plan an event with your group or section (for ideas look at [scoutinglife.ca](http://scoutinglife.ca)).

Many groups may have great ideas and need help starting or want to expand their event to other groups. That is what we are here for; if your group needs help advertising, needs ideas or needs help getting your project off the ground please contact us. Your Youth Network is here to help with everything from Advertising to Funding. Let's make these projects fun, Community focused and awesome opportunities for our youth.

Yours in Scouting,

**Jonathon Churchill**

Deputy Council Youth Commissioner – Calgary South  
SCOUTS CANADA
