

## **LaBella Associates**

### **Healthcare Project Manager**

We are currently seeking a Healthcare Project Manager / Architect with a minimum of 15 years of specialized design experience for our Cleveland, Ohio location. Project management experience within other building types is a plus. This demanding and fast paced position will require a personable candidate with extensive experience in client service. Prior experience working for an Architectural/Engineering Consultant or healthcare related firm is required. The candidate should have extremely strong interpersonal and leadership skills along with the ability to work with large teams and delegate. Consultant coordination, budgeting and scheduling required. Must be familiar with Cleveland and the Ohio marketplace. "Rainmaking" abilities are required.

#### **Duties:**

- Initiating and managing projects from inception to completion
- Leading staff and consultant team
- Coordination of all disciplines
- QA / QC of work
- Key client contact and service rep

#### **Requirements:**

- Bachelors or Master's Degree in Architecture.
- Registered Architect in the state of Ohio (desirable to also be licensed in New York but not required).
- Minimum of 15 years of experience.
- Strong knowledge of FGI, NFPA and ICC codes.
- Good planning skills.
- Excellent communication skills on diverse platforms
- Microsoft Office (Word, Excel, Outlook, Project a plus).
