

Fabo Architecture

Project Manager / Architect / or Project Coordinator

www.faboarch.com

Fabo Architecture Inc. is a growing architectural firm located in the historic Flats district of downtown Cleveland. From our office cats to the game area, our culture is fun, casual, & decidedly not corporate. We are located in a newly renovated, modern office space we designed in a former industrial building. Cultivating individual professional growth is a primary feature of our firm, such as promoting individual licensure or an understanding of the business of architecture. Opportunities are available to participate in various aspects of the design process & firm operations. Strong organizational skills & interest in a team work environment are requested.
