Northwestern PA Regional EMS Council

Symposium 2019 - Call for Speakers

16271 Conneaut Lake Road- Suite 101 – Meadville PA 16337 - 814-337-5380

Symposium 2019

Dates

Friday March 22nd, 2019

Saturday March 23rd, 2019

Location

Ambassador Conference Center

7794 Peach St, Erie, PA 16509

EMMCO West Inc is accepting proposals for our annual EMS Symposium that will again be held at the Ambassador Conference Center in Erie Pennsylvania. Symposium 2018 provided a total of 18 class sessions including a pre-conference practical skills rotation on Thursday that provided continuing education to over 300 practitioners.

We are looking for EMS or EMS related topics focusing on a “back to the basics” format. All submissions should be dynamic in nature and contain reference to the current PA EMS Protocols, the National EMS Education Standards, have sufficient content for the assigned times, and can be approved for PA Bureau of EMS continuing education credit.

Historically our sessions run either 60 or 90 minutes in duration and we will continue to have multiple sessions run concurrently to offer our regional providers a choice of the educational topics. Most of the attendees operate at the BLS Level (EMR & EMT) as they prefer topics that fall within the realm of clinical patient care category.

All submissions will be reviewed by our Symposium Committee for inclusion. Please send the Symposium 2019 Call for speakers form and all related materials to education@emmco.org or to the address listed above.

Sincerely,

EMMCO West Inc.
