(e) The student has one of the following family-related situations that produce a waiver of the bona fide move rule:

(a) The student must attend the member school serving that area of residence.

(b) A copy of the court order must accompany the eligibility forms.

(2) There is a Superior Court or Juvenile Court final order awarding permanent joint custody to the parents and the student moves to a residence of his or her parent outside the service area of the previous school.

(a) This waiver may be made one time during a calendar year.

(b) A copy of the court order must accompany the eligibility forms.

(3) There is a death of a custodial parent and the student moves to live with the other natural parent in a new school service area.

GEORGIA MIDDLE SCHOOL ATHLETIC ASSOCIATION

(f) Students who are U.S. citizens returning from a foreign country shall be eligible as long as they meet all other requirements of eligibility.

(g) Students who are transferred from one school attendance area to another school attendance area by a mandate of the local board of education maintain their eligibility.

1.63 A "migrant student" is a student who transfers into a GMSAA school without a bona fide move or without one of the exceptions listed in by-law 1.62.

1.64 A student who is not eligible because of GMSAA rules at the former school, and then transfers to a new school, cannot regain eligibility by the transfer.

1.65 Students whose transfers from member school to member school have been approved by the GMSAA after the end of regular season play or during post-season play are not eligible for participation in GMSAA sponsored tournaments and/or playoffs in that particular sport for the school year of transfer.

1.66 A student who is not eligible at one school because of suspension or expulsion and then transfers to a member school cannot regain eligibility by such a transfer, for the length of the suspension or one calendar year, whichever is less.

1.67 A mandate transfer is defined as an authorization from the local board of education for the student and/or parents to attend school without regard to the location of residency. The following authorization shall establish eligibility:

(a) The teacher/employee privilege shall authorize the student to enroll in a school outside of their school service area. The student may participate in that member school’s program provided the member school is a feeder school for the high school district.

1. County Board of Education Regulations: All requirements of the member school’s County Board of Education Regulations must be met to qualify for the mandate transfer.

2. Varsity Coaches’ Children: Students whose parent is a varsity coach will be allowed to play for the respective member school at which the parent is a varsity coach

(b) The sibling policy shall allow the out of school service area student eligibility if the student has an older sibling currently attending the associate high school. The sibling policy does not apply to "No Child Left Behind" students. Requirements are:

1. Older sibling is legally approved GHSA student that is eligible for athletics under GHSA rules.

2. To qualify, the younger sibling must be in a grade such that would attend high school simultaneously with the older sibling.

3. Once the sibling policy has been enacted the applicant or player is ineligible to transfer within that season without meeting the “bona fide” move eligibility requirements.

1.68 Hardship Applications may be filed with the Appeal Committee to attempt to establish eligibility in the following situations:

(a) A student who changes schools because of a temporary custody transfer from a parent to a guardian, or from one guardian to another (See Article IV, Section 5, in the GMSAA Constitution).

(b) A student whose transfer is based upon his being emancipated, homeless, a child from a broken home, a ward of the DFACS, or a ward of a Court (See Article IV, Section 5, in the GMSAA Constitution).

(c) A student who changes schools because of a mandate transfer from the authorization of the local board of education.

1.70 – RECRUITING/UNDUE INFLUENCE

1.71 Recruiting and Undue Influence is defined as the use of influence by any person connected directly or indirectly with a GMSAA school to induce a student of any age to transfer from one school to another, or to enter the grade at a member school for athletic competition purposes, whether or not the school presently attended by the student is a member of the GMSAA.

(a) The use of undue influence to secure OR retain a student for competitive purposes is prohibited, and shall lead to penalties being assessed against either school. NOTE: This violation may cause the student to forfeit eligibility for one year from the date of enrollment.
Evidence of undue influence includes, but is not limited to, personal contact by coaches and sponsors in an attempt to persuade transfer, gifts of money, jobs, supplies, clothing, free transportation, admission to contests, invitation to attend practices and/or games, or free tuition. Complaints or reports of violations of this rule will be investigated and handled on a case-by-case basis. If coaches are found to be in violation of the recruiting rule, a copy of the investigation will be forwarded to the Varsity Head Coach, and/or the Athletic Director, and/or the Principal.

1.72 A student athlete transferring from one member school to another shall be ruled ineligible for one year because of “undue influence” if it is proven that:
(a) the coach of the receiving school coached an out-of-school team on which the athlete played prior to the transfer;
OR
(b) the coach at the receiving school acted as a private athletic instructor for the transferring athlete, regardless of whether the coach was paid for his services and/or expertise.

INTERPRETATIONS, 1.00 SECTION

BY-LAW 1.10 – CERTIFICATION OF ELIGIBILITY

SITUATION: A student athlete and his parents move from the service area of School A to School B, and meet all eligibility requirements. When may he participate in interscholastic activities at School B?

INTERPRETATION: The student is eligible as soon as he is enrolled at School B and certified as being eligible by the GMSAA. Academic eligibility must be certified before the student may try out or practice.

BY-LAW 1.20 – ENROLLMENT AND TEAM MEMBERSHIP

SITUATION: An eighth-grade student desires to try out in the fall for the football team at a member school. Is this legal if the school the student is attending is a feeder school for the member school?

INTERPRETATION: Yes. Also, an eighth-grade student in a private school that does not offer football may try out at the public school serving that student’s area of residence. NOTE: This procedure also applies to participation in spring football practice.

BY-LAW 1.30 – AGE

SITUATION: A student becomes 15 years of age on April 30, prior to his eighth-grade year. May the student participate on the eighth-grade team?

INTERPRETATION: No. May 1 is the cut-off date.

BY-LAW 1.40 – LIMITS OF PARTICIPATION

NON-SCHOOL PARTICIPATION

SITUATION: A student is a member of a GMSAA middle school football team and a traveling football team whose seasons run concurrently. Is this permissible?

INTERPRETATION: No, the student is not allowed to participate in the same sport during the concurrent season.

GIRES ON BOYS TEAMS

SITUATION: A girl wants to be on the middle school football team made up of boys. If she meets eligibility requirements, may she do so?

INTERPRETATION: Yes. Girls may participate on boys’ team when there is no girls’ team in that sport at that school.

BY-LAW 1.50 – SCHOLASTIC STANDING
**SITUATION:** The principal of a member school notifies the Athletic Sports Authority Officer that a student is assigned to attend alternative school for the next six (6) weeks for disciplinary reasons. May the student participate on the football team during the six (6) weeks he will be attending the alternative school?

**INTERPRETATION:** No. The GMSAA Officer was notified by the principal of the member school. Students assigned to an alternative school for reasons of misconduct or who are in out-of-school suspension may not participate until they have returned physically to the regular classroom.

**BY-LAW 1.60 – SCHOOL SERVICE AREAS/TRANSFER STUDENTS/MIGRANT STUDENTS**

**SCHOOL SERVICE AREAS**

**QUESTION:** What is a public school’s service area?

**ANSWER:** A school service area is the geographic boundary established by local boards of education that determine the public school a student must attend. NOTE: The service area is also referred to in this book as the “attendance area” and “area of residence.”

**FIRST-TIME ENROLLMENT**

**QUESTION:** What is meant by the term “bona fide move”?

**ANSWER:** A “bona fide move” is defined as the actual physical relocation of all immediate family members residing in the previous residence, with the intent to reside indefinitely, and to relinquish the previous residence.

**THE TRANSFER RULE**

**QUESTION:** A student attends School “A” while living in that school’s attendance area. He and his parents move into the service area of public School “B,” and the student enrolls in School “B.” Is the student eligible to participate in interscholastic activities?

**INTERPRETATION:** Yes. This is a classic example of a bona fide move.

**CHOICE OF PUBLIC OR PRIVATE MEMBER SCHOOLS**
**SITUATION:** A student and his parents reside in the service area of School "A" and attend that school. The parents and the student have a bona fide move into the service area of public School "B" and private School "C." Does the student have a choice about which school he may attend and remain eligible?

**INTERPRETATION:** Yes. When a student moves into a new service area, he may choose to attend the public school that serves his new area of residence, or a private school as long as football is not available for participation in that assigned new area of residence within the service area.

**SITUATION:** A school system grants a permissive transfer for a student to leave the school that serves his area of residence to go to a school that offers a course he cannot get at his home school. Is this a mandated transfer, and is the student eligible at the new school?

**RULING:** This is a permissive transfer and does not carry GMSAA eligibility. The receiving school would have to file for a hardship in order for this student to have any chance of being eligible.

**MIGRANT STUDENT RULE**

**SITUATION:** A student enrolls in School "A," is certified eligible, and participates in athletic contests. Then it is discovered that the student's parents do not live in the service area of School "A." After the school forfeits all contests it won when the student played, what is the status of this student's eligibility if:

(a) student remains in School "A," and the parents do not move into the service area of School "A?"

(b) The student remains in School "A," and the parents move into the service area of School "A?"

(c) The student transfers to the school that serves his area of residence?

**INTERPRETATION:**

(a) The student is ineligible from the date of entry to School "A."

(b) The student becomes eligible on the date the parents move into the service area of School "A."

(c) The student is ineligible for one (1) year from the date of entry to the school of his service area.

**SITUATION:** A student who has been living with his mother in another state moves in with his grandparents and enters a member school. The grandparents go to a Probate Court and get a Letter of Temporary Guardianship. Will this student be eligible for interscholastic activities?

**INTERPRETATION:** Yes. This student is considered a migrant student that has documentation of guardianship that justifies his school transfer.

**SITUATION:** A school system has a policy that the children of teachers may attend the school where the parent teaches regardless of where the family lives. The high school hired a teacher, who has a seventh-grade student, and the family lives outside the service area of that school. If the student attends the school where the parent teaches, will he be immediately eligible?

**INTERPRETATION:** Yes, as long as the parent is a certified teacher or administrator at the receiving school.

**SUSPENDED OR EXPELLED STUDENT**

**SITUATION:** A student is expelled from a member private school for behavioral problems. The student and his parents move to a different service area and the student enrolls in a member public school. Is the student eligible to participate in interscholastic activities?

**INTERPRETATION:** No. The student will not be eligible until the time frame of the suspension at the first school is complete or one calendar year – whichever is shorter.

**UNFINISHED HOME**

**SITUATION:** A family has purchased a new home in a school district other than the one where the student has been attending school. However, the new home will not be available for occupancy until six weeks after the start of the semester. In the meantime, the new local board of education allows the student to begin attendance in anticipation of the family move when the home is available. When will, the student be eligible at the new school?
**SITUATION:** A family has purchased a new home in a school district other than the one where the student has been attending school. However, the new home will not be available for occupancy until six weeks after the start of the semester. The parents desire the student to begin and complete the semester at the original school, before transferring to the new school. How will this affect the student’s eligibility?

**INTERPRETATION:** The GMSAA By-Laws permit students to complete the current semester in a given district if their parents move from that district after school has commenced. Therefore, the student in this case may remain in his original district for the remainder of the semester and be eligible in respect to residence. If the student continues to attend school in that district in the succeeding semesters, he will continue eligibility. If he begins the next semester and then decides to transfer to the school in his area of residence, he would be ineligible for varsity competition for one (1) year.

2.71 GMSAA-member schools are required to conduct all relationships with other schools in a spirit of good sportsmanship.

(a) It shall be the responsibility of a member school to use every means at its disposal to impress upon students, team members, coaches, and spectators the values of sportsmanship in preparation for the management of interscholastic contests.

(b) The Executive Director shall have the authority to assess penalties against schools and/or coaches for conduct unbefitting a professional educator or coach committed by coaches or other member school personnel at GMSAA events. ### 2.90 - REGULATIONS OF COMPETITIONS

2.91 **Sunday Competition**: Sunday competition is prohibited for GMSAA regular season or playoff contests, unless approval is made under emergency circumstances from the Executive Officers. Sunday practices are regulated by local school policy.

2.92 **Contest Rules**: All athletic competitions are to be played according to the rules published by the National Federation of State High School Associations, using officially-dressed officials who are registered with the GHSA or another State Association.

2.93 **Interrupted Games**: Any GMSAA competition may be interrupted due to human, mechanical, or natural causes when it is necessary to protect the safety of players and spectators. The Executive Director shall have the authority to postpone GMSAA events and to direct the procedure for rescheduling when deemed necessary.

(a) The GMSAA requires lightning detectors at all outdoor athletic activities.

(1) When a lightning detector indicates a dangerous situation, the game manager will notify the head official. At that point, the official will suspend play and all participants will go to a place of safety (NOTE: If officials spot lightning before being notified, they may suspend play). **Thirty-Minute Rule** – Once lightning has been recognized, the recommended wait time is at least 30 minutes after the last flash of lightning is witnessed or thunder is heard. Given the average rates of thunderstorms travel, the storm should move 10-12 miles away from the area. This significantly reduces the risk of local lightning flashes. **Any subsequent lightning or thunder after the beginning of the 30-minute count should reset the clock and another count should begin.**

(2) When the detector indicates that it is safe to resume play, the contest may resume.

(b) **Postponed games** are games that are terminated before they actually begin because of weather problems, emergency situations, or mechanical failures.

(1) The host school should notify the opposing team, officials and the Executive Director as early as possible when a contest is postponed.

(2) The host school is responsible for determining whether an event is to be postponed until the time that game rules turn that responsibility over to game officials.

(3) School personnel will agree on the rescheduling of the contest.

(c) **Suspended and/or Terminated Games** - When game officials suspend a game due to weather issues, the following procedures are in place:

(1) Football contests will be up to a one-hour delay (cumulative) before the contest will be terminated.

(a) If the Football contest is terminated after it has reached the halfway point, the score at the point of termination is final.

(b) If the Football contest is terminated before it has reached the halfway point, the contest is declared a “no contest” or the losing team can declare the game final at the point of termination.

(d) **Paying Officials** in shortened/postponed games:

(a) In the event a scheduled contest cannot be started due to weather-related conditions, officials who have arrived at the contest site will be paid one-half the regular game fee.

(b) If a game is interrupted by weather or darkness before it becomes a completed game, the officials will be paid fees in full.

(c) If a game is an official game at the point of interruption, the officials will be paid full fees.

(d) Beyond these conditions, no officials group(s) may hold the schools responsible for weather-related postponements.

2.94 All championship contests that end in a tie will have that tie resolved by means of the procedures that are used to resolve ties in preceding rounds of the playoffs.

2.95 **Absence of Officials**: In the unlikely event that game officials do not arrive for a contest, both schools should agree on one of the following procedures:
2.96 All-Star Teams:
(a) In accordance with state law, member schools shall not permit their teams or players to participate in “All Star” games during the GMSAA regular season. Players selected to participate in out-of-season all-star games must adhere to GMSAA rules

INTERPRETATIONS, 2.00 SECTION

BY-LAW 2.60 – INTERSCHOLASTIC CONTESTS AND PRACTICES

¶ SITUATION: When do out-of-season practice restrictions begin?

INTERPRETATION: The beginning of out-of-season practice restriction will start upon the end of the season and continue through until the start of the new season. During this time, all restrictions about camps, clinics, and participation of coaches go into effect.

¶ SITUATION: May a coach in any extracurricular activity conduct voluntary, individual instruction with a student outside a team or competitive setting and outside the designated season for that activity?

INTERPRETATION: Yes, even if the instruction is in the activity that the coach coaches during the designated activity season as long as the instruction is voluntary and is outside a team or competitive setting. At any given point in time, only one coach in a particular sport may be working with one or two athletes in skill-building drills.

¶ SITUATION: May the coaches organize, but not require, a voluntary out-of-season weight-lifting program?

INTERPRETATION: Yes, but students must not be required to attend as a requirement for making the team. Coaches shall use caution not to suggest that participation in such a program is mandatory, or that their failure to participate could adversely affect their opportunity to make the school team. Such weight-lifting program must be open to all students in the school, and physical examinations for each participant must be on file at the school. The program shall not be sport-specific.

¶ SITUATION: A coach at a member school gives instruction and/or coaches in a non-school summer program. What are the restrictions on the coach?

INTERPRETATION: The Summer activity is unrestricted as long as the students' participation is voluntary.

BY-LAW 2.70 – SPORTSMANSHIP

¶ SITUATION: A coach is ejected on Friday, and sits out the next scheduled game on Monday. The Monday game is called because of lightning. Does this game satisfy the “sit-out rule?”

INTERPRETATION: No, since the game was called before it was considered a completed game, the coach may not count it as a sit-out game.

¶ SITUATION: A school has several players and most of its substitute players ejected for a fighting incident. At the time of the next scheduled game, the school does not have enough players to field a team, and they forfeit to their opponent. Does this satisfy one game of the sit-out rule?

INTERPRETATION: Yes. The acceptance of a loss in a forfeiture situation is equated to playing a game to its completion.
SITUATION: A coach, who works with both the seventh-grade and the eighth-grade team, is ejected from the eighth-grade game on Saturday afternoon. What are the conditions for his “sit-out” game?

INTERPRETATION: The coach must sit out the next game at the level at which he was ejected and any games in between. In this case, the coach could not coach at the 7th grade game on Saturday nor at the next scheduled 8th grade game.

2.90 – REGULATIONS OF COMPETITIONS

SITUATION: The Lightning Detector indicates a dangerous situation 2 minutes into the beginning of the game. Do you call the game?

The maximum allowable admission rate for playoffs is in accordance with GMSAA By-Law 2.97.

PLAYOFF QUALIFICATION & TIE BREAK PROCEDURE

To qualify for state playoffs, the top four (4) representatives from each region will enter the post season playoffs. The first-place region team shall represent a number one seed, the second-place region team shall represent a number two seed, the third-place region team shall represent a three seed and the fourth-place region team shall represent the fourth seed.

The following tie-breaking procedures will be used:
(a) If the teams played during the regular season, the winner of the game will have the higher placement.
(b) If the tie cannot be broken with head-to-head competition, then the percentage of wins in region games with the teams will be considered with the higher percentage team having the higher placement.
(c) If the tie remains after both “a” and “b” has been considered and both teams have qualified for a playoff spot, the drawing shall determine the placement of the teams that are tied.
(d) If the tie remains after both “a” and “b” has been considered and there is a playoff spot for only one team, the two teams that are tied will meet in a GMSAA Tie-Breaker Game.

(1) The schools shall meet at a site selected by the Executive Director for a playoff on the Monday night after the end of the regular season.
(2) The two teams will play a GMSAA Tie-breaker Mini-game, and the winning team will have the higher placement.

In case there is a tie between three or more teams and there are spots for all the teams in the playoffs, the drawing shall decide the seeding of the tied teams.

In case there is a tie between three or more teams and there are not spots in the playoff for all three teams, the following tie-breaking procedures will be used. NOTE: At any point in this process where a tie can be broken so that only two teams remain tied, consideration of head-to-head competition will be invoked. If the tie is completely broken for all teams involved at any step in the process, the tie-breaker process is completed.

(a) If the teams that are tied have played during the regular season game and one team has defeated the others, the undefeated team has the highest placement.
(b) If one team has not beaten all other tied teams, the school with the highest percentage of wins against the tied teams will have the highest placement. If the percentages leave two or more teams still tied, then revert to head-to-head records.
(c) If the tie remains after both steps “a” and “b” have been considered, the two teams that are tied will meet in a GMSAA Tie-breaker Mini-game.

GMSAA TIE-BREAKER MINI-GAME PROCEDURE

The schools shall meet at a site selected by the Executive Director for a playoff on the Monday night after the end of the regular season. The officials will be assigned by the GMSAA and the expense will be split between the tie-breaker mini game teams.
1. The games will consist of two five-minute halves. The play begins for the first half with a free kick, and standard game rules and scoring are used.
2. There will be a two-minute intermission between the two halves. Play begins for the second half with a free kick.
3. Each team will be given two (2) timeouts in the first five (5) minutes and one timeout in the second five (5) minutes. Unused timeouts in the first five minutes may be carried over to the second five minutes.
4. If the score is tied at the end of two overtime periods, the teams will go to the GHSA 15-yard overtime procedure.
5. A drawing will determine the order of play.
   a. When three teams are tied for one open spot, the team winning the toss gets a bye - and then plays the winning team of the first Tie-Breaker game.
      Example: Team "C" gets a bye
      Team "A" plays Team "B"
      Team "C" plays the winner of game 1
      Winner of game 2 qualifies for the playoffs
   b. When three teams are tied for two open spots, the following format will be used.
      Example: Team "C" gets a bye
      Team "A" plays Team "B" and the winner qualifies
      Team "C" plays the loser of game 1 and the winner qualifies
      If Team "C" wins game 2, the regular season winner between Team "C" and the winner of game 1 will have the higher placement
   c. When four teams are tied for one open spot, the pairings will be determined by draw and the following format will be used.
      Example: Team "A" plays Team "B" in game 1
      Team "C" plays Team "D" in game 2
      Winner of game 1 plays winner of game 2
      Winner of game 3 qualifies
   d. When four teams are tied for two open spots, the pairings will be determined by draws and the following format will be used.

      The winner of the regular season game between the two winning teams will have the higher placement
6. When teams play a mini-game tiebreaker on a Monday, their first-round playoff game will be scheduled for the following Saturday.

**STATE PLAYOFFS**

All rounds of games after the end of the regular season are considered part of the state playoff structure.

(a) In all rounds but the Finals, the higher seeded team will host.
(b) In all rounds except the Finals, game time will be set by higher seeded team. If an Athletic Authority Officer or member school representative does not attend the meeting at which the playoff game time is set, the Executive Director will finalize the game time.

In the Quarterfinal Round and Semifinal Round, if both teams have the same seeding, a coin toss will determine the host site.
