

## **MODERATOR ELECT**

### **Trey Holloway**

I chose to accept this nomination because I am extremely excited about the direction in which our church is headed. I believe that Westmoreland is in a place where we can grow our work and our reach as a Christ-filled community. Opening our minds and hearts to new perspectives on old ideas and transforming our building to make it an even more welcoming member and community space is work to which I'm excited to give my time.

Still new to Westmoreland, I've been searching for a way to get more involved and deepen my connection with you and the work we do in our church, our community, and around the world. Serving on the Governance Council offers me the opportunity to do just that. In this role, I would aspire to listen, learn, share, grow and serve.

It is very important to me to be part of a loving church community filled with those who know and care about each other, and the Board of Membership & Fellowship helps make this happen. I would be delighted to serve another term.

### **Leslie Weber**

Like many activities, there is a learning curve to board service. This includes the all-church fellowship programs and events on which I've worked during my term on BMF. I'm perfectly willing to continue serving on the board in this role so we can allocate our time to other issues that need our attention, particularly around membership growth and retention.

I am honored to continue serving on SJA. My goal is to help Westmoreland in the continuing struggle to provide justice and assistance to the many underrepresented and underserved children and adults in the DC area.
