ECKSTEIN NEWS

****The Eckstein Annual Campaign (EAC)** Ends on October 31st. We are already off to a great start with many generous supporters getting a jump on their giving by returning their cards from the first day packet. Please join them by dropping them off in the front office in the EAC box. Or if you prefer you can donate on the website by following the link [HERE](#). Last year we fell just short of our goal of \$75,000, this year we want to knock it out of the park. Last year's campaign funded many requests to enhance the student experience in the core courses such as math, science, language arts, and social studies. Additionally we were able to fund requests to expand the afterschool athletic programs by adding coaching staff and provide support to elective programs such as music, art and world languages. The Library program continued to be a primary focus with improvements in technology as well as updating the collection. The support from our community helps build the vision of supporting every child at every level, and helping every child succeed. Funds from the EAC directly support the education of our students. Please join us in giving to the Eckstein Annual Campaign this fall, so we can put our dollars to work immediately to support our students! And feel free to pass this on to others who support our school.

Parent volunteers are needed to run a smooth and successful program. There are adult perks for such responsibilities. Send a note of interest to Jessica Levine or Tom Estep at ecksteinsnowports@gmail.com

****Students have been using the Eckstein Library MakerSpace at lunch and after school.** The MakerSpace currently includes materials such as a green screen and iPad, LittleBits electronics kit, 2 Sphero robots, Makey Makey kits, whiteboard tables, and some fun engineering materials. I will be training some students how to use a Cricut printer and a stop motion animation camera soon! The goal behind the Eckstein MakerSpace is to encourage students to work together and become designers and creators. Do you have supplies around that might make a good contribution? Contact the librarian Erin Sterling at emsterling@seattleschools.org to arrange a time to drop-off. Supplies that would be great to have: green Lego boards, Lego blocks, small robotics equipment, scissors that could cut cardboard, Playdoh, LEDs, copper foil tape, K'Nex, electronic/robotics parts such as motors, switches, and batteries, duct tape, painter's tape, craft sticks, conductive fabric, conductive thread, or Velcro.

****Within the next week, you might start to receive Eckstein Library overdue notices via email.** They are automatically sent out once a week. Note: there are no fees for overdue books. The only fees are for lost books. If your student actually has the lost book at home, have them turn it in for no fee. Occasionally, students are due refunds, which usually appear in emails in parentheses. Good news this year! You can now pay lost book fees online via The Source and SchoolPay. Check out instructions here:

News from the Nurse ~ Tips on Preventing and treating the Flu: The flu season is upon us and the best way to protect your family is with the annual flu vaccine. It is recommended everyone 6 months of age and older get the seasonal flu vaccine (shot or nasal spray) every year. The flu can spread very quickly in schools, and young children and children with medical conditions such as asthma and diabetes can have serious problems if they get the flu. Take the time to talk to your children about washing their hands often, coughing into their sleeve or tissue, not sharing their personal items (such as chap stick, drinks and food) and keeping their hands out of their mouths, nose and eyes. In addition, please remember: if your child is sick and comes down with a fever, do not send her/him to school. Keep your sick child home for at least 24 hours after the fever goes away. Your child can come back to school after her/his temperature returns to normal for 24 hours without medication. It is very easy to get the Flu vaccine. Most pharmacies offer it. You can check with your insurance provider to see if it is free. For more information, check the CDC website for complete information about the flu, treatments and vaccine safety.
