The 2017 NSPE-CO Awards *Recognizing Excellence In Engineering*

Sponsoring the 2017 NSPE-CO Awards is an excellent way to support excellence in the Colorado Professional Engineering Community.

In 2014, NSPE-CO introduced an awards program designed to recognize excellence in the Colorado Engineering Community. Awards include a number of individual categories (including Young Engineer of the Year, Educator of the Year, Project Manager of the Year, Manager of the Year, Public Sector Engineer of the Year, Engineering Student of the Year and more). Company-based "Project of the Year" awards are a centerpiece of the awards. Evaluation of entries is made by a selection committee of distinguished Professional Engineers and Awards will be presented at a banquet on Thursday, June 15, 2017 at the Lone Tree Golf Club.
