DISTRICT OF NEW JERSEY**

AGUDATH ISRAEL OF AMERICA, a New  
York non-profit corporation, and WR  
PROPERTY LLC, a New Jersey limited liability  
company,

Plaintiffs,

v.

TOWNSHIP OF JACKSON, NEW JERSEY,

Defendant.

**Civil No. 3:17-cv-03226**

**PLAINTIFFS' AMENDED  
COMPLAINT FOR DECLARATORY  
JUDGMENT, INJUNCTIVE RELIEF,  
AND NOMINAL DAMAGES**

Plaintiffs AGUDATH ISRAEL OF AMERICA, a New York non-profit corporation, and  
WR PROPERTY LLC, a New Jersey Limited Liability Company, and by their undersigned  
attorneys, complains of Defendant TOWNSHIP OF JACKSON, NEW JERSEY as follows:

## INTRODUCTION AND NATURE OF ACTION

1. On March 16, 2017, the Township Council of the Township of Jackson, New Jersey, passed Ordinances No. 03-17 and 04-17 (the “School Ordinances”). The School Ordinances prohibited schools from locating in the Township’s residential zoning districts, and prohibited outright dormitories throughout the Township.

2. On September 12, 2017, the Township Council of the Township of Jackson, New Jersey passed Ordinance No. 20-17 (the “*Eruv* Ordinance” and, collectively, the “Ordinances” when discussing all three Ordinances). The *Eruv* Ordinance prohibits the establishment of any *eruv* throughout the Township by prohibiting outright the placement of articles of any nature in the right of way of any street or public place.

3. The purpose of each of these Ordinances was to target the Orthodox Jewish community, to prevent that community from being able to have the necessary educational institutions to teach their youth, and to discourage that community from residing in Jackson Township and practicing their religion.

4. This action is commenced by Plaintiffs, AGUDATH ISRAEL OF AMERICA INC., a New York non-profit corporation (hereinafter “Agudath Israel”), and WR PROPERTY LLC, a New Jersey limited liability company (hereinafter “WR Property”) (collectively, the “Plaintiffs”), to redress violations of their civil rights, as protected by the United States Constitution, the Religious Land Use and Institutionalized Persons Act of 2000, 42 U.S.C. § 2000cc et seq. (“RLUIPA”), the Fair Housing Act, 42 U.S.C. § 3601 *et seq.*, and the New Jersey Law Against Discrimination caused by the enactment of the Ordinances by the Defendant, Township of Jackson (hereinafter “Township”).

5. Specifically, the adoption of the Ordinances was motivated by discriminatory

animus against the Orthodox Jewish community, they treat religious educational institutions differently and worse than various nonreligious assembly and institutional uses, they unreasonably limit and exclude religious educational institutions from the Township, they make housing unavailable within the Township based on religion, and they are meant to discourage the Orthodox Jewish Community from residing and locating in the Township.

6. The Ordinances are the latest action taken by the Township in a long campaign to erect a wall on its border with Lakewood Township, where many Orthodox Jews live, in order to discourage them from moving into Jackson. Its Mayor has told residents “Don’t sell” to the Orthodox Jewish community, its Township Council President said that a suggestion that Orthodox Jews move into communities such as Jackson was “reprehensible,” and referred to the community as a “threat” to Jackson, and noted that the Township Council “is on the same page” with a community that harbors substantial hostility toward the Orthodox Jewish community.

### **JURISDICTION AND VENUE**

7. This Court has jurisdiction over this action pursuant to 28 U.S.C. §§ 1331, 1343(3), (4), 42 U.S.C. § 2000cc, *et seq.*, 42 U.S.C. § 3613(a), *et seq.*, and 42 U.S.C. § 1983, which confer original jurisdiction on federal district courts in suits to redress the deprivation of rights, privileges and immunities secured by the laws and Constitution of the United States, particularly the First and Fourteenth Amendments to the Constitution of the United States, and the Religious Land Use and Institutionalized Persons Act of 2000 and the Fair Housing Act.

8. This Court has jurisdiction over the request for declaratory relief pursuant to 28 U.S.C. §§ 2201 and 2202. This Court has supplemental jurisdiction over all state law claims under 28 U.S.C. § 1367(a).

9. Venue is proper in this District pursuant to 28 U.S.C. § 1391(b), because the acts and transactions complained of occurred, and continue to occur in this District.

### **THE PARTIES**

10. Plaintiff Agudath Israel of America Inc. is a non-profit organization incorporated by act of the New York legislature in 1939, with headquarters at 42 Broadway, New York, New York 10004. Agudath Israel was founded ninety-five years ago to unite a broad array of Orthodox Jews, and to serve and advocate the interests of Orthodox Jewry. It has a branch in New Jersey and actively advocates for the interests of Orthodox Jewry in this State.

11. Jewish education is prominent among the causes for which Agudath Israel advocates. The right of Orthodox Jews to educate their children in accord with the traditions and beliefs of their faith is a central element of the religious exercise of Agudath Israel and its members.

12. Included among Agudath Israel's members are several Orthodox Jewish residents of New Jersey and of Jackson Township itself.

13. Those Agudath Israel members residing in Jackson Township have children who they wish to have educated in their religious faith at an Orthodox Jewish religious school.

14. Those Agudath Israel members residing in Jackson Township either live within an established *eruv* in the Township or wish to establish an *eruv* in the Township in order to more fully exercise their religion on the Sabbath and Yom Kippur.

15. Orthodox Jewish individuals are significantly less likely to move to a location that does not provide adequate religious educational opportunities for their children and the ability to establish an *eruv* in their community.

16. Defendant's Ordinances have thus impeded and interfered with rights of Agudath Israel's members to the associational, personal, social, and professional benefits of an integrated community and one that does not discriminate against them on the basis of their religious beliefs.

17. Agudath Israel asserts those constitutional and statutory rights on behalf of its members.

18. Additionally, at the July 26, 2016 meeting of the Jackson Township Council, former Council President Rob Nixon announced that the Township had filed complaints with the United States Department of Justice and the New Jersey Division of Civil Rights in the Attorney General's Office, mentioning statements made by an Agudath Israel official that suggested that Orthodox Jewish persons should consider moving into towns surrounding Lakewood, New Jersey, including Jackson. Such complaints were rejected as described below.

19. Agudath Israel thus has a particular interest in this litigation based on its own freedom of association, religious exercise and equal protection of the laws. It also seeks to vindicate its members' rights and to protect its members from anti-Orthodox hostility.

20. Plaintiff WR Property is a domestic limited liability company formed under the laws of the State of New Jersey in 2014.

21. Plaintiff WR Property owns approximately 4.93 acres on White Road in the Jackson Township, identified on the tax map of the Township of Jackson as Block 21401, Lot 1 ("the Property").

22. The Property is zoned R-3.

23. WR Property acquired the Property for the purpose of developing or marketing it for development of an Orthodox Jewish religious school. WR Property specifically seeks to assist in the development of an Orthodox Jewish religious school on the Property, and is aware of

substantial interest by several entities interested in locating in Jackson Township.

24. WR Property expended more than three hundred thousand dollars in acquiring the Property in view of such prospective development.

25. WR Property is now unable to develop the Property as an Orthodox Jewish religious school and has lost opportunities to develop its Property for such purpose as a direct result of the adoption of the School Ordinances.

26. Plaintiff WR Property has a direct stake, and substantial material interest in the outcome of this case.

27. Defendant, TOWNSHIP OF JACKSON, NEW JERSEY (“Jackson Township” or “Defendant”), is a municipal corporation of the State of New Jersey, having offices at 95 West Veterans Highway, in the Township of Jackson, in the State of New Jersey.

28. Defendant is a “government” within the meaning of 42 U.S.C. § 2000cc-5(4)(A).

## **FACTUAL ALLEGATIONS**

### **A. Background**

29. Jackson Township is located within Ocean County, New Jersey.

30. Jackson Township is approximately one hundred square miles in area.

31. Jackson Township regulates zoning within its borders through the Land Use and Development Regulations codified at Chapter 244 of the Township’s Code (hereinafter the “Land Use Code”).

32. Jackson Township is located directly to the west of Lakewood Township, New Jersey.

33. A large Orthodox Jewish community resides in Lakewood Township.

34. This Orthodox Jewish population, sometimes referred to as “ultra-Orthodox” or *haredi*, is characterized by distinctive dress, customs, religious practices, and educational needs, among other attributes.

35. Orthodox Jewish families believe that it is important for their children to be educated in Orthodox Jewish elementary and high schools. These schools teach Jewish (as well as secular) studies but, more importantly from the perspective of the Orthodox Jewish parents who send their children there, they instill in their students Jewish ethical and moral values.

36. High schools for Orthodox Jewish boys (called *mesivtas*) are most often boarding schools.

37. Dormitories are an indispensable component of a boarding school.

38. Orthodox Jews, including Agudath Israel, believe that Jewish tradition values learning and the pursuit of knowledge as an all-encompassing ethic.

39. Plaintiffs believe that this all-encompassing ethic is derived from the Bible. The Torah commands that one should “speak of [the Torah’s precepts] while you sit in your home, while you walk on the way, when you retire and when you arise.” Deuteronomy 6:5-9.

40. The Babylonian Talmud, Sabbath 127a, states: “These are the precepts whose fruits a person enjoys in This World but whose principal remains intact for him in the World to Come. They are: the honor due to father and mother, acts of kindness, early attendance at the house of study morning and evening, hospitality to guests, visiting the sick, providing for a bride, escorting the dead, absorption in prayer, bringing peace between man and his fellow - and the study of Torah is equivalent to them all.”

41. Plaintiffs believe that it is essential to provide a *mesivta* education and experience for the education of Orthodox Jewish youth.

42. Plaintiffs believe that there is a very powerful religious obligation in Jewish life to teach children religious studies, as part of a prayer that is recited three times a day by most Orthodox Jews. The practical way of fulfilling that key religious obligation is through the medium of a religious school.

43. It is the Plaintiffs' sincerely held religious belief that *mesivta* education should be provided in a cloistered environment.

44. Plaintiffs believe that it is essential for *mesivta* students to be removed from the distractions of everyday life so that they may concentrate on their studies, experience a community of dedicated religious practitioners and scholars, and devote their attention to spiritual development with appropriate models and guides as to how to live their lives in accord with the Torah.

45. Plaintiffs believe that it is important that teachers at *mesivtas* provide vital moral and spiritual examples to their students and closely supervise the students' moral and spiritual development.

46. Plaintiffs believe that the establishment of *mesivta* to educate high-school children is in accord with the command set forth in the Mishnah, which deals with ethical behavior, to "Exile yourself to a place of Torah and do not assume that it (Torah study) will come after you, [or] that your colleagues will cause it to remain with you; and do not rely on your own understanding." (Chapters of our Fathers: Chapter 4, Mishnah 14.)

47. The Orthodox Jewish community operates religious boarding schools in Lakewood Township and other areas with large numbers of Orthodox Jews.

48. There are currently no Orthodox Jewish religious schools in the Township.

49. Because of a shortage of available housing in Lakewood, some Orthodox Jews

have moved from Lakewood Township and elsewhere to townships surrounding Lakewood, including Jackson, Toms River, Howell and Brick Townships.

50. The Township has an estimated 500 Orthodox Jewish families living mostly in the eastern section of the Township.

51. Since approximately 2010, Orthodox Jewish residents residing within the Township have established *eruvim* in certain neighborhoods within the Township.

52. An *eruv* is an area enclosed by a wire boundary that symbolically extends the private domain of Jewish households into public areas, permitting activities within it that are normally forbidden in public on the Sabbath and Yom Kippur.

53. Many Jews, including the Plaintiffs, have the sincerely held religious belief that, without an *eruv*, they are not permitted to push or carry objects outside their homes on the Sabbath and Yom Kippur.

54. An *eruv* allows observant Jews to carry or push objects from place to place within a designated unbroken area during the Sabbath and on Yom Kippur.

55. An *eruv* permits those observant Jews in wheelchairs and individuals with small children, in strollers or carried, to attend religious services on those days.

56. An *eruv* also permits observant Jews to carry items such as food, medication, canes, water bottles, house keys, personal identification, books, prayer shawls and/or reading glasses on those days outside of their homes.

57. There are many *eruvim* throughout the country. Upon information and belief, over half of the fifty states in the United States contain at least one *eruv*.

58. An *eruv* can involve attaching PVC plastic pipes known as *lechai'in* to utility poles and/or erecting metal poles in the road right of way, and attaching strings or wires between these

poles at a height of 10-15 feet to mark the *eruv* area.

59. The *eruvim* established in the Township consist of both *lechai'in* affixed to utility poles owned by Verizon and Jersey Central Power & Light and erection of the metal poles and the hanging of strings or wires between these poles.

60. As a result of the *eruvim* established in the Township, Jewish residents of the Township have been able to more fully practice their religion on the Sabbath and on Yom Kippur by engaging in activities within the area of the *eruv*, at their Synagogue and in communal activities that take place in the homes of fellow community members on those days.

61. Having an established *eruv* is crucial to Observant Jews who may desire to relocate to Jackson Township, so that they may reside in a community where they can freely and fully exercise their religion.

62. This attempt by Orthodox Jews to obtain housing and reside in the Townships surrounding Lakewood has been met with substantial resistance among residents in these surrounding Townships.

63. It has also been met with legislative and other governmental action targeting the needs of the Orthodox Jewish community.

64. Jackson Township has been at the forefront of such opposition, taking various actions to discourage the Orthodox Jewish community from moving into its jurisdiction.

65. Jackson Township adopted (1) Ordinances 04-17 and 03-17, which (a) banned schools from residential zoning districts, leaving them as permitted uses in only a small fraction of the Township's jurisdiction; (b) banned dormitories entirely from the jurisdiction; and (2) Ordinance No. 20-17, which prohibited the establishment of an *eruv* anywhere within the Township's right of way.

**B. Ordinances 03-17 and 04-17 Prohibit Schools from Residential Zoning Districts and Bans Dormitories Completely from the Jurisdiction.**

66. On February 14, 2017, the Township Council introduced two Ordinances, Ordinance No. 03-17 and Ordinance No. 04-17.

67. Ordinance No. 03-17 sought to amend sections 244-46, 244-48, 244-50 of Jackson Township's Code to prohibit "private or parochial schools not operated for profit" from locating in the R-2, R-3, R-5, R-20, R-15 and R-9 Residential zoning district and the MF Multifamily zoning district.

68. Prior to the enactment of Ordinance No. 03-17, "private or parochial schools not operated for profit" were permitted in the R-2, R-3, R-5, R-20, R-15, R-9, and MF zoning districts by right.

69. Private and parochial schools were already banned in the R-1 zoning district in 2010, as described below, and in the R-30 district.

70. Schools remain permitted only in the PMURD, LC, NC districts, which constitute a small fraction of the land in Jackson Township and even less of which is available or developable, and also within zoning districts in the "Pinelands" area of the Township, where development is severely constrained.

71. Ordinance No. 03-17 does not provide a reasonable opportunity for the Orthodox Jewish community to locate a religious school the Township.

72. Ordinance No. 03-17 also amended section 244-48 of Jackson Township's Code to prohibit "public schools" as a permitted use in certain zoning districts. Upon information and belief, the reason for this is because New Jersey law prohibits differential treatment between public and private schools. Additionally, the Township already has several public schools that

were sited in residential zoning districts, including two recently constructed as discussed below.

73. Ordinance No. 03-17 also banned “dormitories” throughout Jackson Township.

74. The Ordinance includes a definition of “dormitory” in the Township’s Land Use Code under section 244-6 entitled “Definitions” as:

Any building, or portion thereof, designed or converted to contain living quarters which are provided as residences or for overnight sleeping for individuals or groups, operated as an accessory use to a school, college, university, boarding school, convent, monastery, non-profit educational institution, religious order, or other.

75. Such “Dormitories” are “dwellings,” as that term is defined by the Fair Housing Act, 42 U.S.C. § 3602.

76. Ordinance No. 03-17 also created a new section of the Land Use Code, section 244-176.1, entitled “Prohibited Uses” that provides:

a. All uses not expressly permitted in any given district are expressly prohibited in such district. No structure or addition thereto shall be built, moved or remodeled and no land shall be used, occupied, reoccupied, designed or improved for use or occupancy except for a use that is expressly permitted within the zone.

b. The following shall be prohibited as principal or accessory uses or structures in all zoning districts within the Township of Jackson:

(1) Dormitories

77. There are no prohibited uses under the new section of Jackson Township’s Code § 244-176.1 other than dormitories.

78. Ordinance No. 04-17 mirrored Ordinance No. 03-17 with respect to the addition of a definition of dormitory and the creation of § 244-176.1 entitled “Prohibited Uses.” Ordinance No. 04-17 did not include the prohibition on schools in residential districts.

79. Upon information and belief, the Township was aware of the Orthodox Jewish community’s need for religious schools with dormitories, including knowledge of recent actions

against Ocean Township, New Jersey (Civ. No. 16-0096) where this Court held that preventing a religious school with dormitories from locating in the Township violated RLUIPA and ordered the Township to permit the operation of such school, and against Howell Township, New Jersey (Civ. No. 16-2457), where this Court held that the plaintiffs' claims could proceed where they "allege that Defendants harbor hostility towards the ultra-Orthodox Jewish faith."

80. The first reading of the School Ordinances took place at the Jackson Township Council's January 24, 2017 meeting.

81. The School Ordinances were placed on the agenda for second reading and adoption at the Township Council meeting on February 28, 2017.

82. Over 150 Orthodox Jewish Township residents appeared at the February 28 meeting in opposition to the School Ordinances.

83. Many Orthodox Jews spoke against the proposed School Ordinances, informing the Jackson Township Council of the significant impact they would have on the Orthodox Jewish community.

84. The Township tabled the School Ordinances at the meeting, indicating that they had to be approved as consistent with the Township Master Plan by the Township Planning Board before adoption.

85. The Asbury Park Press reported in an article the next day, March 1, 2017, entitled "Jackson Pulls Back on Dorm Ban" that included:

The measure has engendered controversy as many see it as aimed at curtailing the recent influx of Jewish families as the borders of the neighboring Lakewood community rapidly expand.

86. The Township Planning Board approved the adoption of the School Ordinances at its March 6, 2017 meeting, to the applause of over 200 residents in attendance.

87. The second reading of the School Ordinances took place at the Township Council's March 16, 2017 meeting.

88. Many of the residents who spoke at the March 16 meeting referred to Lakewood and the Orthodox Jewish community and indicated that they supported the School Ordinances to prevent Jackson from becoming like Lakewood.

89. One resident who was questioning the Ordinance 03-17's exclusion of public schools stated: "It's a little shortsighted. It seems like you're shooting yourself in the foot to solve a problem here. . . . If the problem is to keep Jews out of Jackson, then you need to . . . ." and was silenced by the Council. The Council's Attorney stated in response "All such comments become part of the record . . . . To highlight a particular group and to suggest that is part of the motivation of Council, ask that you refrain from making those comments."

90. Another resident stated at the March 16 meeting: "I see you moving here to change or convert our town to accommodate the small Jewish population that is just beginning to move into towns adjacent to Lakewood. . . . I see the Jewish population forcing and pushing their cultural and religious way of life on Jackson its residents and our neighbors the way it has done in Lakewood for years." His comments resulted in considerable applause from the residents in attendance.

91. Another resident stated at the March 16 meeting: "Every home [in Lakewood] comes with a temple, a school for the Jewish." His comments also received substantial applause from the residents.

92. The Township Council adopted the School Ordinances at its March 16, 2017 meeting.

93. Notice of adoption of the School Ordinances was published on March 24, 2017.

94. Schools are now prohibited throughout the Township's residential zones.
95. Various public schools have been developed throughout the Township in residential zoning districts, including a public high school in 2006.
96. Dormitories are now prohibited throughout the Township in its entirety.
97. There is no location within the Township where a private religious school with dormitories can be located as a permitted or conditional use.
98. Public schools do not have dormitories.
99. Plaintiff WR Property cannot now develop its property as a religious school.
100. Plaintiff Agudath Israel's members that live in Jackson are prevented by the School Ordinances from living in a community that provides a religious school with dormitories for their children.
101. Plaintiff Agudath Israel's members that live in Jackson are prevented by the School Ordinances from living in a community that permits reasonable opportunities to locate religious schools within its jurisdiction.
102. Other members of Plaintiff Agudath Israel that may seek to move to Jackson will be discouraged from doing so because of the lack of religious school opportunities.
103. The purpose of the School Ordinances was to prevent Orthodox Jewish religious schools from locating in Jackson Township.
104. The Township Council was not motivated by any legitimate nondiscriminatory reason in adopting the School Ordinances.
105. In adopting the School Ordinances, the Township Council was motivated by animosity toward the Orthodox Jewish community.
106. In adopting the School Ordinances, the Township Council was directly responsive

to residents who supported the School Ordinances and were substantially motivated by hostility against Orthodox Jews.

107. In enacting the School Ordinances, the Township presented no evidence that religious schools with or without dormitories would threaten any Township interest generally, or would threaten any Township interest more than various permitted uses.

108. The Township possesses no compelling or sufficiently substantial governmental interest to justify the restrictions contained in the School Ordinances.

109. The Asbury Park Press published an article that evening, entitled “Jackson dorm law advances amid cries of anti-Semitism.” Some of the public comments appearing in that news article and in the public comments section include: “Great job! Don’t let the cult out of Lakewood!,” “Hasidics will always play the race card when they don't get their way,” and “Now the Orthodox will go to a corrupt federal judge and he will overturn the town ordinance. The fix is in.”

110. In an article published on March 16, 2017 in the Asbury Park Press, anti- Orthodox comments by members of the public in and to the story included:

- i. “Okay, Now for step #2. They lost locally. Now they’ll go find a corrupt federal judge and he’ll/she’ll rule in favor of the Orthodox Jewish group (the Judge has already been bought and paid for). This is the way they do things.”
- ii. “The Hasidism have enormous resources even as many of them are on welfare.”
- iii. “What the Jews are doing is wanting people who have lived for decades in Jackson to sell their beloved homes, leave behind the lives they have built in Jackson, so they can ship more of their people into Ocean County. There is a major reason why Trump was elected. Because American citizens are sick and tired of being pushed out of their homes, their jobs; all for people to come here to take away the benefits-that American citizens fought so hard to have. We were never a socialist country, but I witness too many times the Hasidic's pulling out their cards from the gov't for free stuff. And now they want to take our very town

from us. A message to the Hasidic-the Old Testament states to not covet anything of your neighbors-including their homes. Exodus 20:17”

- iv. “Please don't be so naive. First of all, it's not the Jews! You are painting a lot of very nice and hard-working people with a terrible brush. All of your problems only stem from the Ultra-Religious! The Hasidics and Ultra- Orthodox! And then it's mostly the rabbis and the rich developers who are to blame! The followers are sheeple who are cut off from the modern world and don't know much about anything! If you really want to see what's going on just Google Monsey, NY, Kiryas Joel, NY and Bloomingburg, NY. There is a population explosion in Brooklyn, and they are coming to a town near you. And no, they won't go away - they will double their numbers in about 10 years. So figure out who will be the majority soon in Jackson. Oh, and they do know how to pay off the politicians, don't they?”

111. Upon information and belief, John Burrows, a former member of the Township Board of Adjustment, made the following comment on Facebook which was subsequently published by a local news outlet:

This September 10 being suicide awareness day I implore senator Singer to step up and commit suicide.

He is nothing but the byproduct of a human body eating matzoh and gefelta fish.

His actions as a senator are only to advance the mischievous will of the Lakewood cult.

He is deplorable and why King Gilmore allows this to happen is the problem. Perhaps both of them should commit suicide!

After many years of watching senators Singer's proposals and interests which are solely to support and advance the Lakewood medieval cult, on the backs of the surrounding communities it's time to come to an end. He is so obviously bought, paid for, and in the pocket of the Lakewood cult, I do not know why he is allowed to hold this position and should be terminated, or he should do the honorable thing and DIE!

Also Lakewood should no longer have 3.5% tax, especially if their goal is to be the 3rd largest city in nj. they are prospering way too much, another gift from that POS Singer, pay you far share you filthy f'ing cockroaches!

112. Other anti-Semitic comments by members of the public in the Township have

included:

- Are you crazy! You don't live near Lakewood. You don't see the abuse of this fake group. The LCSW is not the law. Our Police are great and we don't need any bias freelance vigilantes on our streets.
- Its a Un-American social terror who only care about there special interest. How dare you tread on our trained and tax paid police. Just because Ultra-Orthodox cry anti-Semitic ever 5 minutes to get their way dosent mean we have to bend our law to put up with crooked fake LCSW we want to be police bull. Why don't you write about the child molestation rampid in that community, and the out of control childbirth rates taxing our worlds resources or the Herpesvirus spread by the mohel putting there mouth on babie privets!! That's child molestation according to Dryfus.
- On Sunday's I am Christian I celebrate sabath and do not work. But I turn on lights and drive . I classify work differently then Jews people ... How about light timers. How about waking to a local clinic and seeing a dr and him administering medicine. I Would never ask a police officer. I suppose they should have Christian friends or hire christian people as helpers on sabath so the police officers can do the job and protect the community. Lakewood is filled with guns and drugs ... They need to be on patrol. Not switching lights and getting meds from the pharmacy.
- The members of the Orthodox community just won't accept the fact that a well kept Christian neighborhood have seen the results of what happens when Orthodox Jews move into a neighborhood. Just by taking a ride through Lakewood is proof positive .
- I agree with you . Why they live off the public dole is a mystery to me. Why aren't they responsible for paying taxes? They also over breed

113. On March 8, 2017, the Township issued a statement titled “Dormitory Ordinance” that addresses the School Ordinances.

114. The Township’s “Dormitory Ordinance” statement attempted to justify the exclusion of schools and dormitories by stating that schools were now “permitted within certain zones of the Township,” namely commercial zones, and that prohibiting dormitories is justified because “residential uses are not permitted in the Highway Commercial or Neighborhood Commercial zones.”

115. It is the School Ordinances that restricted schools to commercial zones.

116. The tortured logic of the “Dormitory Ordinance” statement demonstrates that the purported reasons for the School Ordinances are pretextual, and designed to mask the Township’s discriminatory intent.

117. The Township enacted the School Ordinances order to prevent Orthodox Jewish religious schools and religious boarding schools from locating and operating in Jackson Township, and to discourage Orthodox Jews from moving into the Township.

118. There have been no negative impacts by educational institutions with dormitories in Jackson Township, as there are none.

119. Upon information and belief, the only “dormitories” in Jackson Township are housing units operated by Six Flags Great Adventure for its seasonal employees, and the Township has no land use concerns about those dormitories.

120. While Jackson Township’s Code bans dormitories from operating anywhere within its jurisdiction, the Township Code permits other land uses that entail group residential components. For example, the Code permits the construction and operation of “Community residences for the developmentally disabled,” “Community shelters for victims of domestic violence,” and “Life care facility or development” in various of its residential zoning districts.

121. The Code also permits the construction and operation of “Hotel or motel,” “Hotels with a minimum of 30 guest rooms,” “Age-restricted multifamily dwellings,” “Assisted living facilities,” and “Rehabilitation facilities” in various of its zoning districts.

122. Jackson Township also permits multifamily residential construction in its “MF Multifamily Zone,” “MF-AH-6 Multifamily Affordable Housing Zone,” “PRC Planned Retirement Community Zone,” and “PMURD Planned Mixed Unit Residential Development

Zone.”

123. Jackson Township also permits mobile homes in its “MHP Mobile Home Park Zone.”

124. While Jackson Township’s Code bans schools in all of its residential zoning districts, it permits other assembly and institutional land uses in various residential zoning districts, including “Municipal parks, playgrounds and other such municipal buildings and uses,” “Federal, state, county and other public buildings and grounds, including public schools, parks, playgrounds or other public recreational uses or areas,” “Child-care centers, nursery schools and day-care centers,” “Health care facilities,” “Hospitals, philanthropic or eleemosynary uses,” and “Quasi-public and private club recreation areas.”

125. Jackson Township contains a wide variety of large assembly, institutional and commercial land uses, including the Six Flags Great Adventure, the Jackson Premium Outlets, ten public schools, several assisted living facilities, funeral homes, medical facilities, campgrounds, golf clubs, and rehabilitation facilities.

126. Jackson Township is the largest municipality by area in Ocean County.

127. Jackson Township Mayor Mike Reina was quoted in an April 2017 news article as supporting commercial development including hotels near Six Flags Great Adventure.

128. There is no legitimate governmental interest in prohibiting schools of any nature from the residential zones of the Township.

129. There is no legitimate governmental interest in prohibiting dormitories throughout the Township’s jurisdiction.

130. The Township cannot demonstrate that there exists no less intrusive means of achieving any government interest other than prohibiting schools completely from residential

zoning districts and prohibiting dormitories completely from its jurisdiction, or that it has narrowly drawn its regulations to serve its interests.

**C. Ordinance No. 2017 prohibits the establishment of *eruvim* within the Township and was enacted for a discriminatory purpose.**

131. In the Spring of 2017, certain Orthodox Jewish Township residents organized themselves as the Jackson Eruv Association (the “JEA”).

132. Members of the JEA sought to move forward with expansion of the existing *eruvim* in the Township.

133. A representative for the JEA contacted Verizon and was advised that the first step in this process was to contact the Township and acquire municipal consent to expand the existing *eruvim*.

134. On July 17, 2017, a JEA representative emailed the Township to request guidance on how best to proceed with respect to the *eruv* expansion.

135. On July 27, 2017, the Township responded by citing to § 372-8 of the Township Code stating: “Requests to the Council for such permission must be in writing, addressed to the Council and provided to the Township Clerk. Requests must specify the location, type of object and reason for requesting permission.”

136. § 372-8 of the Township Code at the time read as follows:

**Obstruction of streets restricted.**

No person shall encumber or obstruct any street or public place with any article or thing whatsoever unless permission has been first obtained in writing from the Township Committee of the Township of Jackson.

137. Violation of § 372-8 was punishable by a fine of not less than \$100.00 or more than \$2,000.00 or imprisonment for a term not to exceed 90 days, or both.

138. The Township had previously made a determination in April 2017 that no Ordinance was being violated by the presence of the *eruvim*.

139. The Township Code Compliance Officer, on April 6, 2017, specifically wrote to a resident, in part:

We are aware of the group of homes that have installed the poles connected by the wire in Brookwood []and found there to be no violation of any Ordinance/Law.

140. On April 24, 2017, the Township Zoning Officer specifically wrote, in part:

So if I were to ask for these wires to be removed, I'd have no black and white codes to cite.

.....

Bottom line, from a Planning and Zoning perspective, relative to Chapter 244, as nothing seems to exist on this matter, I have nothing to enforce.

141. It was not until there was pressure from Township residents, as discussed below, that the Township cited to a violation of § 372-8 of the Township Code.

142. On August 7, 2017, the JEA made application to the Township for the continued existence of the *eruv* established in the Brookwood and Pitney neighborhoods of the Township.

143. Shortly thereafter, the JEA made application to the Township for the continued existence of the *eruv* established in the White's Road neighborhood of the Township.

144. The Township distributed a flyer to residents indicating that all residents had ten days to comply with the provisions of § 372-8 of the Township Code.

145. The flyer included pictures of basketball hoops, advertising signs, real estate signs, for sale signs, poles and *eruv* wires.

146. In July 2017, the Township began a coordinated and active campaign to target enforcement of § 372-8 of the Township Code by issuing notices of violation of same to residents.

147. Upon information and belief, approximately twelve notices of violation of § 372-8 of the Township Code were issued to Township residents in the first six months of 2017.

148. Upon information and belief, approximately 268 notices of violation of § 372-8 of the Township Code were issued to Township residents in the two months of July and August 2017 alone.

149. Upon information and belief, seven of these Notices of Violation directly concerned removal of *eruv* markers, although an additional three concerned removal of metal poles, and fourteen provided no description.

150. Upon information and belief, approximately 213 of the Notices of Violation concerned removal of basketball hoops.

151. Upon information and belief, such enforcement of the Township Code was designed to appear neutral with notices of violation issued for basketball hoops, signs, bushes blocking sidewalk, and brush blocking the right of way as well as for *eruv* markers.

152. Upon information and belief, Notices of Violation for removal of any obstructions or items other than *eruv* markers was a subterfuge to conceal the discriminatory intent behind the issuance of the Notices of Violation, which was to abolish *eruvim* throughout the Township.

153. On August 11, 2017, at the request of Agudath Israel, the Township agreed that it would not issue summonses to residents who received Notices of Violation for the removal of *eruv* markers on utility poles pending receipt of requests for permission to place *eruv* markers and formal action by the Jackson Township Council granting or denying those requests.

154. Thereafter, instead of reviewing such requests, on August 22, 2017, the Township introduced Ordinance No. 20-17 which amended § 372-8 of the Township Code.

155. Ordinance No. 20-17's preamble stated that it was being enacted: "in light of the

recent spate of enforcement of § 372-8 of the Township Code 372-8 of the Township Code which prohibits obstruction of the right of way throughout the Township, the Township Council believes it is necessary to avoid confusion and any possibility of uneven treatment of articles in the Township right-of-way.”

156. Pursuant to Ordinance No. 20-17, § 372-8 of the Township Code was replaced in its entirety with: “No person shall encumber or obstruct any street or public place with any article or thing whatsoever.”

157. Under Ordinance 20-17, the second clause of Section 372-8 that the Township may grant permission to residents was removed in its entirety.

158. The first reading of the Ordinance took place at the Jackson Township Council’s August 2017 meeting.

159. The second reading of the Ordinance took place at the Township Council’s September 12, 2017 meeting.

160. According to a local news report, “[h]undreds of Orthodox residents of the Township showed up” at the September 12, 2017 meeting “to plead their case to the township council, but the body remained strong in their intent to keep Jackson eruv free.”

161. According to the same news article: “Mayor Michael Reina said the enforcement came at the request of the township council through Business Administrator Helene Schlegel after some residents asked why the code enforcement department wasn’t enforcing the right of way ordinances,” and “Council President Ken Bressi disputed that claim in August, saying he was surprised to find out the mayor’s office initiated the crackdown upon returning home from a vacation.”

162. The Township Council adopted the Ordinance at its September 12, 2017 meeting.

163. As a result of the adoption of Ordinance No. 20-17, *eruvim* are now prohibited throughout the Township.

164. Enactment of Ordinance No. 20-17 occurred against a backdrop of extreme anti-Semitic hostility in the Township.

165. Township residents have written to the Township Council stating the following:

- “Lakewood looks like a spider web has be dropped on it and I certainly don’t want to see it happen to our wonderful town.”
- “We need our township governing body to stand firm and assure us that this will not be allowed. This has the potential of being just the first step in converting Jackson into another Lakewood.”
- “It seems as if the Hacidic families are grouping their houses together for some reason bc a non-Hacidic family was asked if they could put poles on their property. No one should even be allowed to ask that or for residents to free pressured to allow them to do so. If this is a cultural or religious symbol, it creates a VERY divided community with physical boundaries of separation.

Just like the Jim Crow laws labeling “white or black fountains”, this is a sign that “Hacidics only” are welcome...”

“Things like this are definitely changing the landscape of Jackson”

- “Can you imagine driving past Harmony farms with poles & wires labeling it as Orthodox owned & run? What is going to be done, they are 10 steps ahead of us.”

166. In response to an inquiry from a Township resident regarding enforcement of the Code with respect to Eruv wires, the Township Business Administrator responded: “We are

requesting that our Township Attorney provide us with previous legal decisions regarding these wires that will provide a firm answer that we can solidly defend.”

167. Plaintiff Agudath Israel’s members that live in Jackson are prevented by the Ordinance from living in a community that permits the establishment of an *eruv* and the ability to engage in ordinary and reasonable activities such as carrying a child, pushing a stroller, using a wheelchair, riding a bike or holding a key on the Sabbath and Yom Kippur.

168. Other members of Plaintiff Agudath Israel that may seek to move to Jackson will be discouraged from doing so because of the lack of an ability to establish an *eruv*.

169. The purpose of the Ordinance was to discourage Orthodox Jewish individuals from residing in Jackson Township.

170. The Township Council was not motivated by any legitimate nondiscriminatory reason in adopting the Ordinance.

171. Upon information and belief, enforcement of § 372-8 of the Township Code by the issuance of Notices of Violation for *eruv* markers as well as adoption of Ordinance No. 20-17 was motivated by complaints from the public regarding the established *eruvim* in the Township and an openly anti-Semitic campaign by the public in the Township.

172. Upon information and belief, as early as September 2016, the Mayor of the Township indicated to a resident, “we are looking at the issue regarding the use of ERUV wires and their placement within the public ROW.”

173. In adopting the Ordinance, the Township Council was substantially motivated by hostility toward the Orthodox Jewish community.

174. In adopting the Ordinance, the Township Council was directly responsive to residents who supported the Ordinance and were substantially motivated by hostility against

Orthodox Jews.

175. In enacting the Ordinance, the Township presented no evidence that an *eruv*, which had been in existence for over six years in the Township, would threaten any legitimate Township interest.

176. The Township possesses no compelling or sufficiently substantial governmental interest to justify the restriction contained in the Ordinance.

177. There is no legitimate governmental interest in prohibiting the establishment of *eruvim* throughout the Township.

178. There still exist blue ribbons affixed to utility poles in the Township, for which the Township has not taken enforcement action.

179. There still exists an American Flag affixed to a utility pole in the Township, for which the Township has not taken enforcement action.

180. There still exists a basketball hoop affixed to a utility pole in the Township, for which the Township has not taken enforcement action.

181. The Township has continued to permit these obstructions and encumbrances to its streets.

182. Subsequent to adoption of the Ordinance, the Township attorney recognized: “If a utility pole lawfully exists in the Township and was lawfully erected with municipal consent, a person may enter into an agreement with the owner of the pole for the use of the pole. NJSA 48:3-19.”

**D. The Township’s Pattern of Discrimination Against the Orthodox Jewish Community.**

183. The adoption of the Ordinances is part of a pattern of Jackson Township discriminating against Orthodox Jews and discouraging them from moving into the Township.

184. This policy of discrimination against Orthodox Jews has manifested itself in a number of ways over the last several years.

185. Members of the Orthodox Jewish community have recently sought housing in Jackson Township.

186. Members of the Orthodox Jewish community and real estate agents serving that community have inquired into the potential availability of homes, which has caused an outcry against the Orthodox Jewish community by Jackson Township residents.

187. Certain Jackson Township residents have initiated and participated in a campaign known as “Jackson Strong,” which is intended to discourage homeowners from selling to the Orthodox Jewish community.

188. Upon information and belief, Jackson Township officials support this campaign.

189. A Township resident published the following comment on a social media website:

A great report from a resident who went the the Meet the Mayor meeting last night with [Jackson Township] Mayor Mike Reina and we thought we'd share.

.....

"Meet the Mayor was a success. The signs will be Great Success to let everyone know Don't Sell Jackson Strong! The mayor said the key to keeping Jackson the way we all know and love it is Tell your neighbors DONT SELL. STAY STRONG!

190. Upon information and belief, Mayor Reina’s statement “Tell your neighbors DONT SELL” referred to the sale of homes to the Orthodox Jewish community.

191. In reaction to a statement made by Rabbi Shmuel Lefkowitz, an official of Plaintiff Agudath Israel, that young Orthodox Jewish families should consider moving to jurisdictions in the vicinity of Lakewood, including Jackson, the Township took various steps to discourage such migration.

192. Local media reported that Rob Nixon, president of the Jackson Township Council, stated that Agudath Israel's statements regarding Orthodox Jews moving into areas such as Jackson was "not acceptable" and "reprehensible."

193. Township residents vehemently expressed their concern to the Township about the possibility of Orthodox Jews moving to Jackson Township.

194. A reported account of a Township Council meeting stated that Nixon told Township residents that "the threat can be eliminated if people held their ground and refused the offers being made on their properties and remain committed to Jackson Township and their neighbors."

195. Nixon announced that the Township filed complaints with the United States Department of Justice and the New Jersey Attorney General asserting that Orthodox Jews' attempts to buy homes in the Township constituted "blockbusting."

196. These complaints were made despite the fact that offers to purchase homes in the Township by members of the Orthodox Jewish community that sought to move into the Township and were generally made in substantial excess of their actual value.

197. Such efforts to move into a community do not constitute "blockbusting," either under New Jersey or federal law.

198. The New Jersey Attorney General's Office rejected the Township's complaint.

199. The United States Department of Justice, after reviewing the Township's complaint, responded to the Township's attorneys on October 14, 2016 that "we have determined that no action by the Department of Justice is necessary at this time."

200. The Township's actions in filing complaints were responsive to local residents' hostility towards the Orthodox Jewish community.

201. At the Township Council's July 26, 2016 meeting where Council President Nixon announced the Township's complaints made to federal and state authorities, a large number of local residents participated in the public comment section. Nearly all of the comments were hostile toward the Orthodox Jewish population and Lakewood.

202. In response to these public comments, Nixon stated: "[E]veryone in this room is on the same page."

203. In order to further discourage Orthodox Jews from purchasing homes in Jackson Township, in or about August 2015, the Township adopted a "no-knock" ordinance that prohibits individuals from knocking on doors in the Township unless they are registered with the Township, and prohibits solicitation at premises that are listed on a "No-Knock Registry."

204. Penalties for violation of the ordinance include fines of \$1,250 and 90 days in jail.

205. The "no-knock" ordinance was specifically aimed at members of the Orthodox Jewish community soliciting homeowners regarding the potential sale of their homes.

206. Other forms of door-to-door canvassing including political campaigning and non-profit fundraising are unaffected by the "no-knock" ordinance.

207. Former Township Council President Barry Calogero admitted that a majority of the complaints brought by residents involved the Orthodox Jewish community.

208. The Township's adoption of the "no-knock" ordinance was responsive to local residents' hostility towards the Orthodox Jewish community.

209. Township Council president Rob Nixon stated that all Jackson Township residents should sign up for the no-knock registry.

210. Nixon further stated: "Don't believe those who attempt to flippantly dismiss this tool. Our law is strong, it's effective, and its penalties hit harder than those laws passed in towns

nearby.”

211. Jackson Township has been involved in affordable housing litigation for several years.

212. In a state court action (Docket Nos. L-822-92, L-1879-15) related to Jackson Township’s *Mount Laurel* affordable housing obligations, the issue of the Township’s refusal to adopt Ordinance 30-16, which would have created a “Planned Inclusionary Community Zone,” and the reasons for such refusal, were raised by certain parties.

213. Ordinance 30-16 would have provided for affordable housing units, integrated with market rate units to be developed in the Township.

214. Ordinance 30-16 was the result of extensive negotiations between the developers of a potential housing site and the Township.

215. During the course of those proceedings, in 2016 Township representatives repeatedly stated that they wanted to (a) limit the number of bedrooms that such housing development would include; and (b) substantially reduce the size of the “clubhouse” included in such development or eliminate it entirely.

216. A statement read by the Jackson Township Attorney at the November 29, 2016 Township Council meeting regarding Ordinance 30-16 stated in part: “The revised ordinance hasn’t addressed any of the issues (clubhouse and bedroom restrictions and small minimum lot sizes) raised in Item 12 of my previous memo.”

217. Upon information and belief, the Township’s opposition to greater numbers of bedrooms and restrictions on a clubhouse was directly related to its hostility toward the Orthodox Jewish community.

218. A certification filed in that action stated in part:

Township representatives articulated the rationale for bedroom restrictions and the elimination of or reduction in size of the clubhouse -- preventing and inhibiting Jewish people from Lakewood Township (commonly referred to as Orthodox) from moving into the EL site.

219. Plaintiffs believe that Jews should “be fruitful and multiply” and are obliged to have children, as “[a]lthough a man has fulfilled the mitzvah of be fruitful and multiply -- he is commanded by the rabbis not to desist from procreation while he yet has strength, for whoever adds even one Jewish soul is considered as having created an entire world.” Moses Maimonides, Mishneh Torah, Hilkhoh Ishut 15:16.

220. These religious beliefs often result in larger family sizes for Orthodox Jews and a need for more bedrooms.

221. The clubhouse referenced with respect to Ordinance 30-16 would have been available for use by the Orthodox Jewish community for worship services and other religious events.

222. Clubhouses are otherwise explicitly permitted by Township’s Land Use Code in the PRC, PMURD, MF-AH-6, and MHP zoning districts.

223. No motion or second was made by any member of the Township Council on Ordinance 30-16 at the Township Council’s meeting on November 29, 2016, resulting in the ordinance not moving forward.

224. The Township residents in attendance at the meeting applauded at the result of Ordinance 30-16 not moving forward.

225. Another example of hostility toward the Orthodox Jewish community is the Township’s actions with respect to the Lakewood Civilian Safety Watch (“LCSW”), a neighborhood watch group, from entering its jurisdiction.

226. Despite Jackson Township’s police chief Matthew Kunz stating—after investigating complaints by Township residents—“Please know that no evidence of the alleged activities was discovered or corroborated in the course of investigating the matter. This is a civilian group, and they appear to be cognizant of their limitations,” Township Mayor Reina ordered him to advise the LCSW not to patrol the Township.

227. Subsequently, the Township Council passed Resolution No. 192R-16, which bans local police from affiliating with any neighborhood watch group based outside of the Township.

228. Resolution NO. 192R-16 states in part:

1. The Jackson Police Department shall not cooperate with or form any association with any neighborhood watch organized outside of Jackson Township.

2. A neighborhood watch organized in Jackson Township shall not use any vehicle, uniform or ID cards and shall not receive training or assistance from any organization other than from a federal, state, county or local law enforcement agency

229. Township Council president Nixon said that the action came in response to complaints from residents who were unhappy that the LCSW had been observed patrolling Jackson streets.

230. In 2010, the Township adopted Ordinance No. 30-10, which created an “R-1 Residential Zone,” which excluded schools as a permitted or conditional use in the R-1 zoning district.

231. A significant area of the Township was thereafter rezoned “R-1 Residential.”

232. The rezoning of property within the Township to the R-1 zoning district occurred predominantly near the Township’s border with Lakewood Township.

233. Many Orthodox Jews who live in Jackson Township near the border of Lakewood Township live in the areas rezoned to R-1.

234. A large residential development called “Westgate” was developed in the late 1990s on the western edge of Lakewood Township, adjacent to the area in Jackson Township where much of the R-3 zoned property was rezoned R-1 in 2010. Nearly all of the residents of the Westgate development are Orthodox Jews.

235. Two of the most recently developed public schools in the Township are the Elms Elementary School located on Goetz Lane and the Jackson Liberty High School located on North Hope Chapel Road. Elms Elementary was completed in 2004 and houses over 830 students and 55 full-time teaching staff. Liberty High was completed in 2007 and has approximately 1,400 students and 90 full-time teaching staff.

236. At the time of their construction, both Elms Elementary and Jackson Liberty High School were located in residential zoning districts. Upon information and belief, Liberty High and Elms Elementary did not experience any public hostility or opposition by the Township to their location and/or construction.

237. Jackson Liberty High School is located very near the border with Lakewood and near Lakewood’s Westgate community.

238. Upon information and belief, the former president of the Jackson Township Board of Education stated that the Board condemned property near the municipal border with Lakewood in order to prevent the Westgate development from spreading into Jackson Township. She stated that the goal of preventing the Westgate development from spreading into Jackson Township overrode all other criteria, including the fact that the location was very close to the existing Jackson Memorial High School and that the municipality owned enough property in central and western Jackson Township to build a new high school without the need to exercise its condemnation powers.

239. Larry Schuster is a former alternate on the Township Board of Adjustment, appointed by the Mayor and Council to that position.

240. Upon information and belief, on August 7, 2017, Larry Schuster commented on a news article on NJ.com regarding an elite Orthodox Jewish college in Lakewood New Jersey stating: "Job placement ? They don't work !"

241. Upon information and belief, Larry Schuster made other anti-Semitic comments, including "There is a small fee to post ads here --- 1-A Jew joke. . .," and "Jew got to be kidding me."

242. The Oros Bais Yaakov High School, an Orthodox Jewish religious girls school, recently attempted to locate in Jackson Township. In 2013, the school applied to the Jackson Township Zoning Board of Adjustment for a use variance to permit its use.

243. Substantial hostility of Township residents toward the Orthodox Jewish community was demonstrated during the hearings.

244. The Zoning Board denied the school's use variance application.

245. Zoning Board members were directly responsive to the questions and statements made by Township residents hostile toward to that school.

246. In the context of the use variance application, Township Zoning Board members made various comments relating to Lakewood Township. Another Board member made the following statements:

- a. "[T]hat is a private school and is exclusively for the use of the Orthodox community; there will be no other children of other religions admitted to that school without being able to pass a strict religious component, . . . ."
- b. "And I want to relate something that I experience during my time living in Lakewood, . . . . I attended a meeting at the municipal courtroom in Lakewood during which the titular head of the Orthodox community in Lakewood,

Rabbi Schenkolewski, stated several times that ‘the Orthodox community will never assimilate; therefore, they stand alone.’”

- c. “[A]nd I think that the community of Jackson cannot expect the Orthodox residents in Jackson to assimilate into the Jackson community as a whole in the same way that they will not do so in Lakewood.”

247. Other Zoning Board members that voted on that school’s application made the following statements about the Orthodox Jewish community on social media websites:

- a. “Jackson is not prepared for the tsunami of orthodoxy that is mounting at the border. I beg you all to CONFRONT OR ACCOST the council members and demand that they appoint Rae Ann Walker to the zoning board she is strong enough and smart and will quell and regulate the tide before it envelopes Jackson.”
- b. Describing the Orthodox community as “Cockroaches.”
- c. “They DO have more money than you or me or all of us put together and they have a long term plan and an abundance of patience.”
- d. “Over time, enabled by group unity, they will form a bloc vote that will elect whomever they choose. . . . Over time they will become dominant.”

248. That school filed suit in the Superior Court for Ocean County, New Jersey against the Board, alleging, *inter alia*, violations of RLUIPA, which are pending.

249. The Township’s actions described above all took place under color of state law.

250. The Township was informed of the applicability of federal law to its actions.

251. The harm to the Plaintiffs caused by the Township is immediate and severe.

252. The Plaintiffs have no adequate remedy at law for the harm and damage caused by Defendant’s wrongful laws and actions.

263. They Township does not have a secular legislative purpose for prohibiting schools in residential areas and prohibiting dormitories completely from its jurisdiction. Rather, the Township was motivated by an anti-religious and, more specifically, anti-Orthodox Jewish animus; it has as its object and purpose the suppression of religion and religious conduct.

264. On its face, the Ordinances have the principal and primary effect of inhibiting religion, in that they prevent the Orthodox Jewish community from providing religious education opportunities for their children and from establishing an *eruv* where they may choose to reside and/or locate.
