### Introducing - Plano Classics *Elite* Concert Series

With great pleasure and much excitement, Plano-based *R. George Artist Marketing* announces a New Plano Classical Music Series: **Plano Classics *Elite***. Our purpose is to bring world-class Classical Music Performing Artists to the Plano Arts District on a regular basis - offering the Marriage of Fine Art and Classical Music Performances... presented in a most intimate Audience/Artist setting. To achieve that intimacy, we have chosen the ArtCentre of Plano as our concert venue.

Join us for our **1st Concert on December 11<sup>th</sup>** as we welcome Steinway Artist **Dr. David M. Ward**.

We are so fortunate – and very lucky - to begin our series with one of the world's great pianists. For one special evening, be transported back to the “Golden Age of the Piano.” Luminaries from that era were known and praised for the *interpretive genius*, *artistic depth*, *poetic mystery*, and *warmth* of their performances. Dr. Ward's performance style continues the traditions of these great pianists.

David's program – performed recently in several states to *high praise* and *standing ovations* - will include selections from J. S. Bach, Ludwig van Beethoven (Moonlight Sonata), Franz Liszt, Frederic Chopin, Claude Debussy, David's own moving arrangement of *As the Deer*, a *smattering* of Holiday Music, and George Gershwin's *Rhapsody in Blue* for solo piano.

Come give David a hearty “Plano” welcome, experience a *moving performance* in an intimate setting, and enjoy a glass of *fine wine* paired with *light fare* at an *after-concert reception*.
