Inspiring future innovators

Imaginations get their rocket fuel at Camp Invention.

Children are presented with fun, hands-on challenges that encourage creative problem solving, teamwork, entrepreneurship, and innovation. Inspired by the **Inductees of the National Inventors Hall of Fame**, this summer's all-new curriculum allows children to:

Create their own personal, ultimate
Spy Gadget Alarm Box by taking apart
and upcycling everyday machines.

Explore a distant new exoplanet
and design inventions to create the
next Earth.

Launch water rockets, build Bubble
Blasters, and engineer giant castles.

Design duct tape products and
pitch them to mock investors.

We are a **national non-profit organization** and all of our
Camp Invention program activities are led by **experienced
local educators.**
