

Our swimming lessons are designed to be safe, educational, fun, and in an encouraging environment with professional Red Cross and CPR certified instructors. We offer private and semi-private swimming lessons to all age groups based on your child's swimming ability and experience. Our mission is to educate your child and develop their swimming abilities while having fun and being safe! We are excited to start our 10th summer of swimming lessons at the Hermer residence and want you to join in the fun!
