With *Supernatural Family Planning, the Original Method*, Anne Cherney challenges Church and Culture to reject modernism’s insistence on being in control—of everything—including ‘family planning’ instead of ‘just let God plan your family’. Before their 1966 marriage, Anne and Dennis committed to accept *all* the children the Lord wanted to send them.

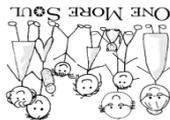

In Chapter I, Anne describes ‘child-by-child’ how that worked out—see picture.

By rejecting rubbers, pills and charts in favor of the 1900 year Christian acceptance of the Father’s command to *be fertile, multiply, fill the earth....*and His promise to provide for their every need, *often just-in-time,....*their family has filled out to include 3 sons-in-law, 6 daughters-in-law and 39 beautiful grand-children—and *counting!*

Anne admits that there is great need for sacrifice, generosity and self-discipline in following God’s will. Her reward is seeing every day the miracles of children, material gifts, spiritual growth and never worrying that they may have prevented a child that God had wanted for His Kingdom.

Anne with her family at the time the book’s first chapter was written, 1987. When the children were all grown, she went back to school, obtaining a Master’s in Theological Studies from the John Paul II Institute on Marriage and the Family in Washington, DC.

“Confusion regarding human sexuality in American society is rampant. This book by Anne Cherney is welcomed for its realism and sanity concerning God’s plan for chastity, love, marriage, and family. That plan is the only antidote to the moral collapse taking place throughout Western society.”

—James Likoudis, president emeritus, Catholics United for the Faith

“Anne Cherney gives priority to ecological breastfeeding as the premier way of spacing babies, and she also raises real questions about the role of Providence and the proper interpretation of *Humanae Vitae* sections 10 and 16. You do not have to agree with her every opinion to benefit from reading a case that is rarely heard and needs to be made.”

—John F. Kippley, NFP International, *Natural Family Planning: The Complete Approach*
