

Massachusetts **Medical Interpreter Training**

Helping bridge communication barriers faced by patients accessing health care services.

Not sure if you require CEUs? Please read below.

Interpreters interested in obtaining continuing education credit (CEU) are those who have passed one of the national medical interpreter exams offered by [The National Board of Certification for Medical Interpreters](#) or the [Certification Commission for Healthcare Interpreters](#) and received one of the following credentials: CMI, QMI, CHI, or CoreCHI.

If you are interested in CEUs for RID, you will complete a PINRA (Participant Initiated Non-RID Activities) form. This form will be available at the event.
