- Compressor
- Nail guns and hoses (we are doing wood roofs on schools)
- Builders levels
- Lasers
- Partner saw
- Door planer
- Vacuums. If missing parts ok
- Core drill (we have one but it is totally beat)

Hand Tools and Safety Equipment

- Safety glasses, hard hats, safety vests, work gloves, Any left-over OSHA safety t-shirts
- Even old Gang boxes are badly needed, we can repair hasps or hinges
- Hammers
- Pry bars/wonder bars/cats paws
- Old tool belts
- Pliers
- Pipe wrenches
- Tin snips
- Wheel barrows
- Trowels
- Floats
- And concrete tool
- Adzes
- Picks

Build Health International Tool and Equipment Sourcing Haiti Emergency Relief

Shovels
Brooms
Sweeping compound
hampers
Zip wall stands
Rakes
Plumbing and electrical tools
Sockets, wrenches and mechanics tools
Field office stuff, folding tables small printer/copiers etc..
Power cord (with ends cut off since probably not worth your time repairing)

Ladders/Staging

Baker staging we don't care how beat
Pipe staging, wheels platforms
Ladders of any kind- step and extension
Staging planks

Large Tools

Concrete mixers
Mortar mixers
Sand blaster

Small Equipment

Concrete Helicopter power trowel
Air Compressor and Hammer
Concrete Saw- walk behind flat saw
Coring Drill
Chipping & Demo Hammers
Concrete & Mortar mixers gas or diesel
Concrete Vibrators

"In Our Dreams" Wish List

Bulldozer (small) D-5 Ideal, D4 & D6 will work well also
Skid Steer- Track machine
Skid Steer Loader small wheeled machine Bobcat or Cat 232, 236, or 242
Compactor- Vibrator roller for earthwork compaction not asphalt.
Front End Loader- medium size wheeled would be ideal, like a Cat 950
Concrete Pump-Trailerable "Grout Pump" 25 M3 capacity and can take up to ¾" aggregate
Older Concrete mixer- 1990's Mack or International would be great.
Small Truck Crane

**ABC members can contact Past ABC Chair Roy Greenwald, now an active
BHI volunteer, directly.**
