# Town Hall Meeting and Narcan Kit Assembly

We're excited to visit your community on Tuesday, April 17, at the Mebane Arts and Community Center. We will conduct a brief Town Hall Meeting in which Interim CEO Trey Suttan and other leaders will give an update on Cardinal Innovations and how we are serving our members, providers and communities.

We ask that you stay to help us assemble Narcan Kits, which Cardinal Innovations has purchased to help our communities fight the opioid epidemic. Cardinal Innovations will distribute these lifesaving overdose-reversal kits to key partners throughout our communities. We will have staff on-hand to educate attendees on how to get help for addiction, the importance of Naloxone availability, and to lead the kit assembly effort. They will also demonstrate how to administer Naloxone.

There is no cost to attend, however, we ask that you RSVP in advance so we may adequately prepare. Please register here:

We look forward to seeing you!
