WHO

Founded in 2006, we are headquartered in Redmond, WA. Inabia is built on family values and close-knit culture. This also expands to the relationships we build with our employees and our business partnerships.

We are Minority Certified and we strive to make an impact on the society through technology, manpower and innovation.

WHAT

For over a decade, we have been providing powerful IT and business solutions to individuals and businesses. We at Inabia believe that our success is a reflection of our client's success.

HOW

We are fortunate to be situated in a city where technology and innovation is appreciated. Even though we are a small company with just over a decade of experience, we believe that we are adapting and evolving with our client's needs and requirements.

WHY

We are a company that builds relationships. Some of our clients have been with us from the start. We ensure that our partners have access to the best-in-class professional support, management consulting and staffing services. We make sure our consultants are carefully screened and selected for their experience and meet specific needs of our clients.

SOFTWARE DEVELOPMENT
