- QUALITY
- ACCOUNTABILITY
- EFFICIENCY
- COMMUNITY

WHO

Founded in 2006, we are headquartered in Redmond, WA. Our Senior Management has more than 137 years of combined experience in the Telecommunications and Software Industry. Inabia is built on family values and close-knit culture. This also expands to the relationships we build with our employees and our business partnerships.

We are Minority Certified and we strive to make an impact on the society through technology, manpower and innovation.

WHAT

For over a decade, we have been providing powerful IT and business solutions to individuals and businesses. We at Inabia believe that our success is a reflection of our client's success.

HOW

We are fortunate to be situated in a city where technology and innovation is appreciated. Even though we are a small company with just over a decade of experience, we believe that we are adapting and evolving with our client's needs and requirements.

WHY

We are a company that builds relationships. Some of our clients have been with us from the start. We ensure that our partners have access to the best-in-class professional support, management consulting and staffing services. We make sure our consultants are carefully screened and selected for their experience and meet specific needs of our clients.

Insights-as-a-Service

Social Media Audience Analysis:

When you have large amounts of data but lack in infrastructure to comprehend it, we step in: be it in marketing, Finance, IT or Development.

In order to improve customer satisfaction, we've developed real time social streams monitoring solution that is able to identify high value accounts and prioritize the engagement with them.

We empower marketers to achieve the following benefits for new and existing marketing campaigns:

Track competitors' engagements on Twitter

Identify high-value Twitter hashtags to engage with

Identify high-value Twitter accounts to engage with (audience)

Suggest related hashtags and accounts to engage with

CONSULTING

Through our rigorous and innovative staffing solutions, we provide contract and full-time placements.

Since 2010, we have been trusted vendors with companies such as AT&T, Microsoft and Ericsson. It is our goal to help our diverse community, clients and candidates benefit from each other and grow successfully. We leverage our expertise to complement our clients' business needs and to retain competitive talent.

Our Staffing Capabilities:

- A team of expert recruiters
- Personal referrals and candidates on bench
- Access to a variety of job portals and social media for sourcing
- A very aggressive pre-screening process
- Assisting in all necessary client paperwork
