ABOUT BRAD

Brad Hurtig was a student-athlete in a small town in Northwest Ohio when, only days after finishing his sophomore year of high school, a devastating accident resulted in the amputation of both of his hands. Through hard work, determination and the support of his inspirational football coach, Brad soon rejoined his high school football team. In his senior year, he led his team defense, recording 111 tackles and received all-state honors - all while playing with no hands. Brad's inspirational story of triumph quickly captured national headlines. Now he takes his life-changing message to students across the nation.

Brad's message resonates with students and student athletes as he discusses overcoming obstacles, facing adversity and how attitude can make or break any situation.
