Announcing an Exciting New Partnership and Leadership Challenge Workshops!

All women business owners are leaders. We lead ourselves, our people, vendors, suppliers and strategic partners. Leadership is not easy. Fortunately, research reveals that most effective leadership practices can be *learned*. With that in mind, NAWBO MN and St. Catherine's University Masters of Arts in Organizational Leadership (St. Kate's MAOL) are pleased to announce our new series of *Leadership Challenge Workshops*.

What is the leadership series about?

Based on proven best practices and delivered by St. Kates MAOL professors, this is a four-part series of workshops throughout 2018. The text, workbook exercises and discussion feature content from one of the best-selling leadership books of all time: *The Leadership Challenge*, by Kouzes and Posner. Through rigorous and tested research, these five proven practices of exemplary leadership will be covered in the series:

1. Model the Way – Clarifying values and setting the example
2. Inspire a Shared Vision – Envisioning the future and enlisting others
3. Challenge the Process – Searching for improvement opportunities, experimenting and taking risks
4. Enable Others to Act – Fostering collaboration and strengthening others
5. Encourage the Heart – Recognizing contributions and celebrating the values and the victories

Who is this for?

While we focus on women business owners as part of our NAWBO MN mission, this series is for anyone who wants to become a better leader. We welcome members, their team leads and the public to grow with us.

When are the workshops?

Sessions will be held on a quarterly basis at the following dates/times (locations subject to change):
