

Announcing an Exciting New Partnership and Leadership Challenge Workshops!

All women business owners are leaders. We lead ourselves, our people, vendors, suppliers and strategic partners. Leadership is not easy. Fortunately, research reveals that most effective leadership practices can be *learned*. With that in mind, NAWBO MN and St. Catherine's University Masters of Arts in Organizational Leadership (St. Kate's MAOL) are pleased to announce our new *Leadership Challenge Workshops*.

What are the leadership workshops about?

Based on proven best practices and delivered by St. Kates MAOL professors, there are four workshops throughout 2018. The text, workbook exercises and discussion feature content from one of the best-selling leadership books of all time: *The Leadership Challenge*, by Kouzes and Posner. Through rigorous and tested research, these five proven practices of exemplary leadership will be covered:

1. Model the Way – Clarifying values and setting the example
2. Inspire a Shared Vision – Envisioning the future and enlisting others
3. Challenge the Process – Searching for improvement opportunities, experimenting and taking risks
4. Enable Others to Act – Fostering collaboration and strengthening others
5. Encourage the Heart – Recognizing contributions and celebrating the values and the victories

Who are these workshops for?

While we focus on women business owners as our NAWBO MN mission, these workshops are for anyone who wants to become a better leader. We welcome members, their team leads and the public to grow with us.

When are the workshops?
