

## ACHIEVEMENTS IN THE FIRST 6 MONTHS

Compared to the previous year, a new London based Con-Serve™ user has improved performance in all the metrics in the first 6 months of using the system - joint efforts and implementation of resource reduction initiatives led to reductions in:

- ✓ Electricity by 7%
- ✓ Gas by 14%
- ✓ Water by 4%
- ✓ CO<sub>2</sub> by 9%
- ✓ Utility costs per occupied room by 24%
- ✓ Total utility costs by £7,275 - equal to cost of 5 Con-Serve™ Subscriptions

## YEAR ON YEAR ACHIEVEMENTS

Metric	Electricity	Gas	Water	CO <sub>2</sub>	Cost
Year on Year % change	-7%	-14%	-4%	-9%	-5%
Equivalent to	 <b>46,934</b> lightbulbs switched on for 24 hours	 Baking <b>62,992</b> Victoria Sandwich cakes	 <b>8,073</b> Average Showers	 Growing <b>1,089</b> tree seedlings for 10 years	 <b>5</b> Con-Serve™ Annual Subscriptions

Some of the initiatives implemented included:

- Daily room night & food cover data entered by the team
- Educating & encouraging kitchen staff to avoid wasting resources
- Installation of a new hot water tank
- Configuration of air conditioning settings to avoid unnecessary usage
- Gas boiler temperatures reduced
