

GREPURL DAY SEPTEMBER 29

Students and Faculty are invited to wear green or purple on September 29 for two dollars if any is worn. All proceeds will go towards Charlane Estevez's capstone, who is working with Alzheimer's Association; an organization dedicated to helping those with Alzheimer's.

What is Alzheimer's?

Alzheimer's is a disease that causes people to forget memories and simple things like how to eat properly. There are different types of Alzheimer's. Some can be very extreme and others can be like forgetting the names of family members.
