

Eagle Update

2017-18 Theme: Know God

September Theme Verse:
Psalm 86:11

September 20, 2017

Teach me your way, O Lord, that I may walk in your truth; unite my heart to fear your name.

Devotional

"I love you with my whole heart." We often hear this romantic affirmation of one's devotion for a person who is deeply loved. Imagine the disastrous result if we actually said, "I love you with most of my heart." However, we are inclined to approach God with such a divided heart. We say, "God: here's 80% of my heart, but I need to be in control of the other 20%."

We read in Psalm 86:11: "Teach me your way, O Lord, that I may walk in your truth; unite my heart to fear your name." In a season of tremendous personal distress, David pleads with God to take the fears and uncertainties that has divided and introduced doubt in his heart and replace them with a singular mind set that accepts God's sovereign will.

Are you currently overwhelmed by a great storm battering your life? God desires you to trust in Him and move forward with a steadfast heart that is infused with God's divine purpose for your life.

In Christ, Mike Kady, Director of Advancement.

Mr. Hearne's Recommended Resources:

Today's parents are the first generation of parents in the age of smart phones, Internet, and cameras in a child's pocket. Being the first, they don't have the benefit previous generations had who walked this same path; they are having to forge the path. Different parents are making different decisions regarding what is OK and what is not OK for their children. In doing so, they are parenting their children. I am becoming increasingly convinced that the home, the church, and the school all need to do a much more thorough job of training our kids regarding Internet safety and the responsibility of using the Internet. Therefore, today's first recommended resource is, "Digital Citizenship - Nothing Is Private." This chapter explains how a "privacy setting" doesn't mean that whatever is posted is actually private. All anyone in the "trusted circle" has to do is a screen-capture shot and the "private" item can now become public for all to see. There are several discussion points at the end of the chapter that can be used to help children understand the magnitude of posting something online. The second recommended resource is a link from the first, "What Does Friend Mean Now?" The author chronicles how the word "friend" has changed over the years. As always, the third resource is the Axis Cultural Translator to keep you updated with the most important ideas and concepts taking shape in our society.

Fabulous Learning

"My 8th grade math students learned how to graph points on a coordinate plane, and they came up with their own points to create a shape of their choosing." - Mrs. Tilly [Click Here](#)

Mrs. Bibby had a blast this week with 6th grade science! "Students worked through 3 different stations that emphasized the phases of the moon." The most popular station? The edible (Oreos) one!

"What can I say, but 'Fabulous!': 36 students playing in the elementary band, and 23 students in the MSHS band!!! God is so good, He has given me 59 talented blessings to work with this year!!" - Mr. Cagle

From Ms. Sierra: "Geometry students made conditional statements out of Bible verses they selected. We made them art masterpieces!" [Click Here](#)

EARTWORMS with Mrs. Benefiel! "I loved observing my 2nd Graders' enthusiastic response to our first science experiment with earthworms!" [Click Here](#)
