

# Eagle Update

2017-18 Theme: Know God

November Theme Verse:

November 29, 2017

Jesus looked at them and said, "With man it is impossible, but not with God. For all things are possible with God."

Mark 10:27

## Devotional

Slow down - look at Jesus

The students of Jesus were overwhelmed when they realized that being "good" people and doing "good" things were not going to get them into heaven. The rich man led a "good" life and was sure he would be in heaven one day. But Jesus challenged him and through this, He challenges us. Jesus also asks us to give things up to follow Him. Whether its our "nets," habits, time, even our money, He wants no distraction to get in the way of our relationship with Him. We live in one of the wealthiest areas in the world. We are surrounded by luxuries and distractions. Our pace of life is non-stop due to this. So, how then can we possibly make Jesus our number one?

In Mark 10:27 He says, "With man, it is impossible, but with God, all things are possible." Through Jesus, we have access to God's grace, mercy, forgiveness, peace, love, joy, goodness, faithfulness. So, what is distracting you from these things? Give it up today and take the next step in your relationship with Jesus.

Teresa Hendren, Director of Marketing

## Mr. Hearne's Recommended Resources:

Living in the 21st century is truly amazing, we know more today about how the human brain works than ever before. God has allowed us to learn so much about how people process information, how they think, and how they respond. One of the major advances regarding the brain and education involves executive skills (or functions), the mental skills that are used to accomplish things in life. We used to think that intelligence was fixed and have learned that this is wrong. We now know that everyone can improve his or her brain function by working on improving executive skills. My first recommended resource is "[Executive Function Overview](#)" to help you gain a better understanding. The second is "[Improving Executive Skills](#)," which contains nine tips you can use to help your child develop his or her executive skills. As always, the third recommended resource is the "[Axis Cultural Translator](#)" to help you stay current with American culture.

## Important Dates and Events November 29 – December 10

# Fabulous Learning

All American Week = Awesome: "I loved to see kids who were not expecting to win all American take home prizes." "6th Grade brought amazing energy." "Creative dress and participation was awesome." - Various MS Teachers

Thanksgiving Mathematical Feast! It took combined math skills to divide, multiply, work with decimals, and subtract time in order to plan, purchase, and prep all the fixings for their fantastic day. The fifth graders even dove into the nutritional facts of their fancy feast. – Mrs. Wilson  
[CLICK HERE](#)

Future Theologians: Students did an amazing job on a group project in which they effectively communicated the worldview of Darwinism and then critiqued it from a Christian worldview. – Mr. Summers

It's Magnetic! In 3V, the students went around to see what is attracted to a magnet by making two categories of magnetic and not magnetic. They did such a great job being scientists. – Mrs. Vanegas [CLICK HERE](#)

4th Grade STEM: Students continue to participate in science and engineering activities. Last week, students planned, observed, analyzed, and interpreted data as they investigated how to light two lightbulbs brightly with only one D-Cell battery. – Mrs. Yip [CLICK HERE](#)
