ABOUT THE PROGRAM

24 Junior Counselors will be selected each summer based on their application and group interview as well as their skills and preparedness exhibited as CIT's (if applicable). They will go through leadership training and diabetes education programming as well as get to know each other during a training week at the beginning of the summer. Following that week, they will choose a week of camp where they will serve in a camper cabin as a Junior Counselor. They will get to hone in on their leadership skills and get hands-on experience and guidance from current counselors as they move towards that role! They will spend their entire week with their cabin while they check-in with the JC leader and/or Medical Director at least once a day.
